

money earned and time  
spent working

the amount of time writing  
with a pen and the amount  
of ink in pen

grades in school and time  
you miss class

for people under 20, your  
age and your weight

color of eyes and height

temperature of a cup of  
coffee and time it sits on a  
table

the time water boils and  
the amount of water in the  
pot

amount a mail carrier  
earns each day and the  
weight of the mail  
delivered each day

foot size and shoe size

amount of time you  
exercise and the amount  
of calories you burn

income and years of  
experience

favorite color and age

temperature outside and  
thickness/amount of  
clothes you wear

a person's height and birth  
month

the number of files stored  
on a drive and the amount  
of memory left on the drive

the number of factories  
and the amount of  
pollution

miles driven and amount  
of gas in your tank

the amount of time you  
practice and your  
performance

time shopping and money  
spent

time spent in sun and  
sunburn possibility

ice cream sales and  
temperature

time working out and heart  
rate

elevation and average  
annual temperature

distance traveled and time  
driving

money earned and time spent working	the amount of time writing with a pen and the amount of ink in pen	grades in school and time you miss class
for people under 20, your age and your weight	temperature of a cup of coffee and time it sits on a table	amount a mail carrier earns each day and the weight of the mail delivered each day
distance traveled and time driving	a person's height and birth month	amount of time you exercise and the amount of calories you burn
the time water boils and the amount of water in the pot	the number of files stored on a drive and the amount of memory left on the drive	temperature outside and thickness/amount of clothes you wear
the number of factories and the amount of pollution	the amount of time you practice and your performance	color of eyes and height
miles driven and amount of gas in your tank	foot size and shoe size	income and years of experience
time shopping and money spent	time spent in sun and sunburn possibility	ice cream sales and temperature
time working out and heart rate	favorite color and age	elevation and average annual temperature
