Developer: patelurjit149@gmail.com

This privacy policy explains how ConstructPro handles your data.

Information We Collect

We do not collect any personal information directly. However, we use Google AdMob to serve ads, which may use your Advertising ID to provide personalized ads.

Advertising ID

AdMob may collect and use your Advertising Identifier to show relevant ads. This is a standard practice for apps using mobile advertising.

Data Sharing

We do not share any user data ourselves. Third-party services (like AdMob) may collect non-personal data per their own privacy policies.

GDPR & User Consent

If you are in the European Economic Area (EEA), we recommend you consent to ad personalization via the consent dialog (if implemented). You may also reset or limit Ad ID use in your device settings.
