

Intro	
Wormwood	
Apophis Impact chances	
Parallax vs Radar Observations	
Parallax and Radar Limitations	

(START)

WORMWOOD (large asteroid called Apophis) is approaching our planet to destroy all that the devil has done. It will hit Earth on **Friday, April 13, 2029**

1. In 2004 Apophis was discovered. After researching it for some time researchers determined from CALCULATIONS that the asteroid would hit our planet Earth in 2029. This was confirmed and reconfirmed in 2004. This is a massive event where BILLIONS will die on this planet.
2. Just in time the powers said NO, the asteroid will miss Earth (*who are the powers?*). We will get a near miss and lose a few satellites. If anyone knows how it works, they should know the powers were pedaling *bulls..../nonsense*

My parents gave me an Apollo 11 lunch tin when I was about 7- 10 yrs. I used to watch all of the sci-fi movies.

The powers determined by **RADAR** that the asteroid will “just” miss Earth in 2029. [See Clip on radar. https://www.youtube.com/watch?v=nQVjADwshAo](https://www.youtube.com/watch?v=nQVjADwshAo) – **2.20** The prophet Tom mentions a **cover up** | **4:40** Calculation showed it would hit earth (parallax) | **8.15** radar observations???? Can anyone find the range and object size a radar can detect with accuracy and what is the degree of accuracy? (*I am still looking*).

They are no longer using calculations; they are using radar (Apophis 1,100 ft)???

THE PROBLEM: You cannot use radar to track an asteroid that is at a distance of 289,274,921

KM. From its point in space, it is no more than a pencil tip miles away. You will need to use a telescope to see it. To track it you will need to use the PARALLAX method. I am seeing a lot of strange science on the net these days.

For my people are destroyed for lack of knowledge. It is really sad people do not get the knowledge.

3. In the last several years they have.. *(we look at what they do, not what they say)*

- Created space army (Apophis).
- They have an open Budget for spending on space rocks coming our way (with a focus on Apophis).
- Launched a Satellite to test diverting objects in space. They are presently testing a craft (or more) to divert objects (with a focus on Apophis).

The Elites are indeed preparing themselves - a short 3-4 minutes

[TOP](#)

They are building their dens and caves. This scripture is to be fulfilled.

Rev 6:15-17 ***And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains;*** 16 And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb: **17 For the great day of his WRATH is come;** and who shall be able to stand?

Wormwood is the Third Trumpet and it comes at the time of **wrath**.

Wormwood, April 13, 2029.

4. Three years ago they blocked my reporting on this (intentionally). They gave me no reason for the blocking. This occurred on Facebook.

5. PUTTING EVERYTHING ASIDE, THIS IS WHY I BELIEVE WE WILL HAVE IMPACT: Three to four years ago, a 100% prophet (Tom Horn) reported on the asteroid Apophis hitting the planet. The most renowned prophecy he had was that of the pope **resigning**, the **month**, and the **year** it will happen (he gave us three specifics). He prophesied it in approx 2010, and wrote a book on the subject 2 years before it occurred. This is the page (next link) that was censored by the powers for no reason. GIVEN TOM'S 100% PROPHETIC RECORD I AM GOING WITH THE 2029 IMPACT and also, what they are doing (eg. building \$200M underground homes - Note: these underground buildings have no view). [It will hit Earth on Friday, April 13, 2029.](https://truthgospel.org/ttgm-media/prophecy/view10/) Hear the Late Tom Horn speak.

<https://truthgospel.org/ttgm-media/prophecy/view10/>

What is a 100% prophet?

Do you know a modern-day prophet?

Why would the powers say everything is going to be all right?

All details on Tom Horn and Wormwood can be found in the following link.

<https://truthgospel.org/ttgm-media/prophecy/view10/>

HOW CAN WE AVOID THIS CATASTROPHE?

OBSERVATIONS BY RADAR and PARALLAX?

Jes Klinke - M.S. in Computer Science & Mathematics, University of Copenhagen (Graduated 2005) Apr 14 ([Link to page](#))

Astronomers use many means of measuring distance, and they have to, because no single method works at all scales.

Lasers work for measuring the distance to the moon with millimeter precision, but no laser is strong enough to reach other planets and the reflection being measurable. Radar can be used to measure the distance to other planets in the solar system.

If you wanted to measure the distance to nearby stars with a laser or radar, it would take decades for the light pulse to return, anyway.

In order for parallax measurements to yield a distance to the stars, astronomers first need to know the size of the Earth's orbit, which is probably obtained through laser or radio measurements by probes in orbit around the sun

**

AI Answers (ChatGPT)

Q.

Can Earth use radar to track the direction of deep space androids?

ChatGPT (Response)

Earth-based radar systems are primarily designed to track and monitor objects within our

solar system, such as satellites, asteroids, and space debris. Deep space androids, if they exist, would likely be beyond the range and capability of current Earth radar systems. Tracking objects in deep space typically relies on other methods, **such as telescopes and space-based observatories**.

Presenter's note: *The Parallax method is used with telescopes (light). I have found strange information on this topic. I suspect my research is turning up a cover-up on the internet. I need to find the size and distance limitations of the Earth's Radar devices. I am still looking.*

Apophis Impact (chance)

God of Chaos asteroid more dangerous than NASA admits! Apophis update!

<https://www.youtube.com/watch?v=FcsEe534lpM>

2nd video on "possible" Apophis impact in 2029.

<https://www.youtube.com/watch?v=B0l8FFl5-Hg>

REM: Due to Tom Horn's 100% prediction record we believe there is indeed **a NASA cover-up**. Given what they say, and looking at what they are doing, let us not be hoodwinked with their words (*do not be fooled*).

Distances and Size Limitations.

Radar is used to monitor asteroids up 2 Million KM away from Earth (radar array) - *to be confirmed*. Given the size of Apopist and its distance, there are serious issues with the claims made about tracking it by radar (maybe when it is close to Earth this can be done). We have not found asteroid videos that online on hands radar tracking. [We have found detailed parallax tracking asteroid videos on line - click..](#) Are they detailed radar tracking videos? Please email link to thsealy@thewaytorahuniversity.com .

Nine years ago you can see the difficulty of tracking asteroids by radar (NASA) - they needed help.

<https://youtu.be/72bKusFX0Tg>

Parallax is used to measure asteroids upwards to 300 Million KM away from Earth. Vist link under "Understanding Parallax."

WORMWOOD _is coming_

A more in-depth Presentation.

https://docs.google.com/document/d/1e6k72ff1Fzg3laBl6L_piOHN7fN6m0EB/edit?pli=1

Understand it first and share it afterward (speak to people first before you share the paper). As a people, we need to be ready and prepare ourselves. Spend more time with loved ones and friends. Take the time to share what is coming.

The time is short. If you have repented and decided to love Yeshua/Jesus be a watcher and watch as we were commanded to do. Rem: If you are one of the few, a saint, you will not be here on the planet in 2029.

Understanding what is meant by *repentance.* Read..

—

What is meant to being a *watcher.* Read..

<https://truthgospel.org/doctrines/general-2/watch/>

Be Mindful.

Do not expect large numbers to come to hear you. As it was in the..

Luke 17:26 And as it was in the days of Noe, so shall it be also in the days of the Son of man.

In Noe (Noah)'s time only 8 people were saved. It is the same with today's people, only a few will ***truly*** repent and be saved.

Shalom

theWay-Wormwood
