

PERSONAL ELECTRONIC DEVICES

It is the policy of the Barnsdall Board of Education that a student may possess a personal electronic device while in transit under the authority of the school, or while attending any function sponsored or authorized by the school upon consent of both the student's parent or guardian, and the superintendent or the superintendent's designee. Students may be issued a device by the school district such as a laptop, tablet or other electronic device. School-issued devices or devices approved by the school are exempt from the requirements of this policy and shall be used only for educational purposes by students.

Students are prohibited from utilizing cell phones and personal electronic devices while on the campus of a public school district from bell to bell. Exceptions may be made as follows:

1. Use of cell phones or personal electronic devices by students who use them to monitor health issues. This includes, but is not limited to, glucose monitoring which may occur multiple times during the school day; or
2. Students with special needs may use cell phones or personal electronic devices during class time or during the school day if their IEP, Medical Plan, or 504 Plan explicitly requires it as assistive technology for medically or educationally necessary purposes. To qualify for this exception, the use must be listed as a documented accommodation necessary for instruction or communication within the student's IEP, Medical Plan, or 504 Plan; or
3. In case of a medical emergency or any emergency where lives are threatened.

"Bell to bell" means the time between the first bell ringing at the start of the school day to begin instructional time until the dismissal bell at the end of the school day to end instructional time.

"Personal electronic device" means a personal device capable of connecting to a smartphone, the Internet, or a cellular or Wi-Fi network, or directly connecting to another similar device. Personal electronic devices include, but are not limited to, smart watches, smart headphones, laptops, tablets, and smart glasses. Personal electronic devices shall not include school-issued or school-approved devices that are specifically limited for use in classroom instruction.

Students found to be using any personal electronic device for any purpose are subject to discipline, and the device may be confiscated by the administration of the school district. Any personal wireless communication device that is confiscated will be returned to the parent at the end of the school day. Students violating this rule may be disallowed from carrying any wireless telecommunication device following the incident unless the device is utilized to monitor a health condition.

Students found to be in possession of or using a personal electronic device in violation of the rules shall be subject to disciplinary action under the student discipline policy. Punishment for violation will be determined by the administration on a case-by-case basis.
