

Hi and welcome to Chemistry!

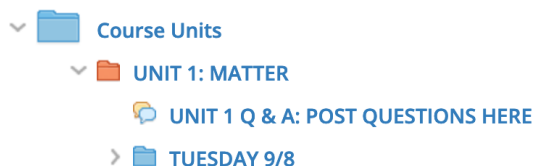

1. My name is Oskar Cymerman. I am your fath... I mean chemistry teacher. Let's gooo!
2. We will communicate via Schoology, email, and Zoom. I plan on having office hours via Zoom. Look for announcements via Schoology when I'm holding Virtual meets.
3. **There are 3 folders in Chemistry A:**

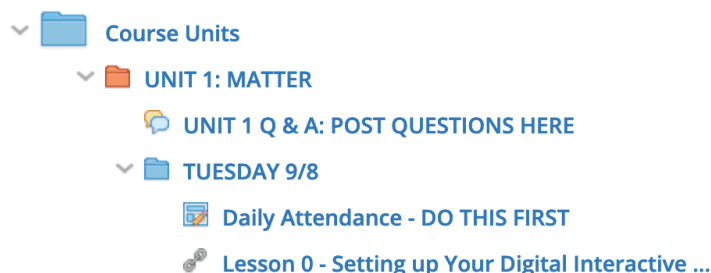

4. The lessons and attendance will be in [Blue Course Units Folder](#).
5. Inside the [Blue Course Units Folder](#) there will be separate unit folders (ex. [orange UNIT 1: MATTER](#)).

6. Each Unit folder will have a UNIT Q & A - discussion board you can post questions about chemistry to.
7. All daily lessons and assignments will be in folders titles with the DAY & DATE (ex. [TUESDAY 9/8](#))

Here's what you should see when you click on the arrow next to the [TUESDAY 9/8](#) folder:

8. **Daily Attendance:** a question you will need to answer and submit in Schoology by 3PM to be marked present. It's worth 1 point in the "Formative" category. It will be quick so DO IT FIRST.
9. **Lesson 0** - Each lesson will be linked to. Most of the activities will be done in the CHEMISTRY DIGITAL INTERACTIVE NOTEBOOK. Click on the Lesson and follow directions.
10. Welcome and I look forward to having you in class!!!
