Abstract

The length of the abstract is between 150 and 200 words; content consists of objectives, methods, and results; Arial font, 10 pt.

Keywords: 5 words, comma-separated, Arial, font 10 pt, based on title and abstract

1. Introduction [Arial Font 12 pt, Bold]

The overall manuscript is between 15-20 pages long, one space, before and after 6 pt. In general, the manuscript follows the rules of IMRAD-C (Introduction, Methods, Results, Analysis and Discussion, and Conclusion). Citations and References use APA style. Heading using Capital letters, Arial 12 pt font, Bold. Sub-headings using the font Arial 12 pt, Bold. Fill in the manuscript using the Arial 12 pt font. The upper margin is 3 cm, the left, right, and lower margins are 2 cm. The script is arranged straight from the right and left edges. Tables, Figures, and Formulas are given sequential numbers 1, 2, 3, and so on, and are always narrated in a manuscript.

Submitted manuscripts must be original and have never been published. Manuscripts must meet the limit that covers: Pass the similarity test with the Turnitin tool (or similar), with a maximum of 25%, and the AI Detection test with the Quillbot tool (or similar) maximum of 25%. All citations and references must be authentic, digitally published, and verifiable via a direct link to the original manuscript.

2. Methods

a. Content [Arial Font 12 pt, Bold]

Tables must be editable, and font size may be smaller than the main text. For Images, it must be clear both illustrations, diagrams, and writing, and the font must be clearly legible (it must not be too small). Each table must be accompanied by a citation (source) as a reference.

Table 1. Centre, font Arial 12 pt, bold

Column 1	Column 2	Column 3
Content, Arial font 10 pt, left for alphanumeric and right for numeric	Content	0.789
Content	Content	0.007
Content	Content	0.000
Content	Content	5.400

Source:

2.2 Content

For Figure/Images, it must be clear both illustrations, diagrams, and writing, and the font must be clearly legible (it must not be too small). Each image must be accompanied by a citation (source) as a reference.

Figure 1. Centre, font Arial 12 pt, bold

Source:

The writing of the formula follows as in the example, which is written using a word equation or an application that has the same function and must be accompanied by the formula number as in the example of Formula 1.

$$y = a + bx$$

(1)

3. Results

a. Content

Write a narrative in this paragraph.

b. Content

Write a narrative in this paragraph.

4. Analysis and Discussion

a. Content

Write a narrative in this paragraph.

b. Content

Write a narrative in this paragraph.

5. Conclusions

Conclusions paragraph

Conflict of Interest

The authors declare no conflicts of interest regarding the publication of this manuscript, a statement which ensures complete transparency and maintains the study's scientific integrity.

Acknowledgements

Please express your gratitude to the parties who have provided data and information related to this research activity. Expressions of gratitude are only given to parties who have helped in real terms, such as the provision of primary and secondary data, funders of research activities, and the like.

References

Citations should use the manager's reference system (Mendeley, Zotero, EndNote, etc.). References use APA style, Arial font 10 pt, one space. The number of references is at least 25, it is sought for journals of the last 5 years, books of the last 10 years, regulations per law there is no year limit.
