

UKUDLA
African German Centre
for Sustainable and Resilient Food
Systems and Applied Agricultural
and Food Data Science

**Application for the master's project research grant
at the African German Centre for Sustainable and Resilient Food Systems
and Applied Agricultural and Food Data Science (UKUDLA)**

1 PERSONAL DETAILS

1.1 Name of applicant (first name, surname):

1.2 Country, place of birth, date of birth:

1.3 Current address (incl. phone and e-mail):

1.4 Home address:

2 RESEARCH PROPOSAL

2.1 UKUDLA institution/university where you are applying:

2.2 Department:

2.3 Supervision team (Name, institution, e-mail) (if known):

a)

b)

2.4 Title of the proposed master's research project:

2.5 Keywords (choose five keywords to describe your project):

2.6 Summary (the following points should be considered in the summary: problem description, objectives of the research work, thematic link to the objectives of UKUDLA, proposed methods (max. 300 words**):**

--

2.7 Proposal (max. 3 pages) (introduction, aim of the study/objectives, methodology, expected outcomes, references, project schedule and activities):

Introduction:

Aim of the study & objectives:

Methodology (detailed description):

References (max. 10):

2.8 Thematic link to Food Systems and Data Science (250 words max):

2.9 Outline your plan for engaging stakeholders and disseminating research findings (250 words max):

Date and Signature of Applicant

Date

Signature

Notes: use Arial 10pt, 1.25 line spacing

**In the case of breeding projects, the development of genetically modified (including genome-edited) organisms for commercial use as food or animal feed is not eligible for funding.*
