Elementary Teachers and Staff, thank you so much for working with the Elementary Ed Tech coaches this year.. We've learned so much from coming into your classes. Please reach out if you have any questions for end of the year procedures. Visit the next two columns for great videos put together by our teammates.

We have made it!

Check out the new [Genesis Tips and Tricks Handbook](#) for all things related to Genesis!

Check out my [Google Tips for Ending the Year with Google!](#) This is the same information I provided during the inservice day!

I wish everyone a very safe and happy summer! ☀️ Enjoy the time relaxing!

Happy Summer!

Congratulations on completing the 22-23 school year. Thank you to all the teachers and staff who made this another great year in the high school. I look forward to taking all of our hard work and great ideas from this year and building on them next year. Have a happy and healthy summer!!!

Some very last-minute reminders:

- When you complete all your grading, be sure to [Archive your Google Classrooms](#). Also, remind students to not leave Google Classrooms.
- The end of the year is always a good time to organize a bit. If you have time (a big *if*- I know!), organize your [Google Drive](#) and [GMail](#). It can be tedious to clean, but once you're organized- it's easy to maintain.
- Create a [Google Site](#) to house assignments for your classes. It's a more efficient system than constantly searching old Classrooms.

[Summer Resource Library](#)

As we transition to the summer months, students and parents will be looking for ways to stay engaged while not in the classroom. We've put together this Summer Resource Library with slides that provide students and parents with links to some helpful websites and apps they can use over the summer. If you think we've missed something, please reach out to your school's Ed Tech coach.
