

2025/26 School Year

Dear Parents,

The Truckee Community Recreation Center (CRC) is considered a Hub Stop. To ensure the safety of students when loading or unloading the school bus at a Hub Stop, the following procedures must be followed. Please arrive five minutes before the posted bus stop time, students should be waiting in an orderly line.

1. Parents must park in one of the legal stalls designated for visitors. Please do not park in the bus loop.
2. Students should be escorted to and from their car by a parent or adult. Please use the sidewalk to access the bus loading zone. Please do not use the walking path next to the fountain.
3. Students should not cross in front of, or behind the bus. The bus driver must remain inside the bus to check students on and off the bus. And, assist students with seat belts if needed.
4. Elementary students, Pre K through fifth grade shall be met by a parent or an adult that is predesignated in writing by parent as allowed to receive the child. Please wait at the door to receive your student.
5. If you fail to meet the bus three times, your student will lose the privilege to use the hub stop

Thank you for your support with keeping our students safe.

Tony Lavezzo
Director of Transportation
Tahoe Truckee Unified School District
