DRIVER PLEDGE & PERMIT

Cost is \$5.00 (CASH ONLY) – Non-Refundable

The “Code of Conduct; Motor Vehicles Section; Students’ Responsibilities” indicates a need for rules and regulations governing the use of student vehicles to be known by all students driving to school. **The policy of the Board of School Committee is that all students coming to the School of Technology will either walk (Memorial students) or be transported by school buses.**

We understand that at times there are circumstances that warrant a student bringing a vehicle to school; therefore, we have instituted a parking permit system. Courtesy and common sense are the basis for the following list:

- Any student driving to MST must first have permission from their home school. Permission is granted at the discretion of the home school and MST.
- The speed limit on school grounds is 20 MPH.
- Pedestrians and school buses have the right-of-way.
- There is a full stop for exiting traffic on to Weston Road.
- All vehicles must be parked properly with a **valid parking permit** in plain view. *All student vehicles are to be parked in student parking only - Parking Lot D.* Vehicles improperly parked will be towed at the owner’s expense. Any change of automobile must be signed in at the Office.
- Cars may be subject to search by school authorities. See “Student Code of Conduct; Privacy and Property Rights”.
- A parking permit is a privilege and will be revoked for violations.

First Offense: 5-day loss of parking privilege

Second Offense: Parking permit revoked
