

**STILL MISSING: please keep this version of the flyer in
back room of veterinary office**

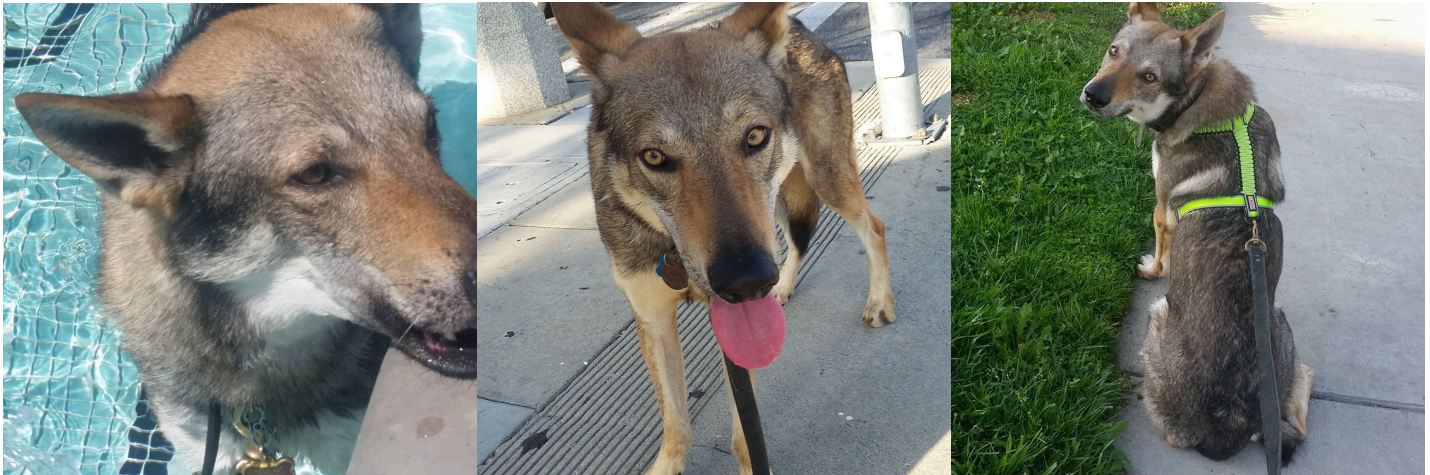

Chip Number: 100000100123381

ISO11784 FDX-B CHIP

Breed: CZECHOSLOVAKIAN VLCAK (626)639-7037

BELIEVED STOLEN AT THIS POINT

Veterinary Staff: Please Keep an Eye out for this dog and scan for his chip if you suspect a dog in your care is him. It is probably in his shoulder rather than neck, and

may have migrated towards his leg. It is believed that he was found and kept by a woman who resided in the neighborhood he was lost in at the time he did. Since a credible tip places the person(s) who found him in routes actively avoiding my earlier missing flyers, he should be treated as stolen property. I can provide his EU pet passport and pedigree as well as it will be obvious he has a strong bond with me if he is reunited with me. NAME: 'FRANKIE' Last Seen in Culver City WENT MISSING FROM PARKING LOT OF JOY OF ALL WHO SORROW ORTHODOX CHURCH

on JUNE 20th 2018 contact immediately if seen, more information can be found at www.findfrankenstein.com or www.facebook.com/findfrankenstein

If a dog strongly resembling this and fearful of strangers enters your care, check for the original chip even if a duplicate chip scans. EVEN IF YOU CANT FIND THE CHIP SEE IF THE DOG RESPONDS TO FRANKIE AND CONTACT ME IF SO.
