

Mission & Who

CREATORS CORNER

ART AND ADVOCACY FROM MEMBERS OF THE BAY AREA ENM COMMUNITY + ALLIES

The Mission

At Creator's Corner, we are dedicated to uplifting and amplifying the voices of artists, creators, and advocates within the ethically non-monogamous (ENM) community. Through our pop-ups with Non-Monogameetups, we provide a space where creativity, activism, and community engagement intersect.

Our goal is to connect people with independent artists selling original artwork, game designers showcasing their creations, and passionate advocates speaking on issues that impact our community. We believe in fostering a culture of support, visibility, and empowerment, ensuring that the talents and efforts of ENM creators receive the recognition and appreciation they deserve.

By building bridges between creators and supporters, we aim to strengthen our community, celebrate diverse forms of expression, and create lasting opportunities for those dedicated to art, advocacy, and change.

Modern Family Institute

"Our mission is to realign social, legal, and economic systems to support the many diverse ways people want to care for one another. To accomplish this mission, we draw on cutting-edge research to shift the cultural understanding of what makes a 'good family,' protect and empower diverse family structures through law & policy, and design better infrastructure to support diverse families."
