**ATTIRE COLOR:** Light Green/Black, Neon Green/Grey, Forrest Green/White, Sky Blue/Light Green, Grey/White, White/Light Green

**WRESTLES LIKE:** Zach Saber Jr, Kyle O'Reilly, Will O'sprey, Hook

**GIMMICK:** A scene kid, the kind that your daughter won't marry, but definitely will take her virginity and get her hooked on xanax. A charismatic peice of shit, but trying his best to be something more. He's really sorry he stole your car and crashed it, but he was up all night playing MW2 and needed a pack of smokes. So can you really blame him? Why was your car unlocked in the first place? Seems like you wanted it to be stolen. Anyways, Ich will just be on his way. Good day Sir. But honestly, Ichabod has put a lot of money into becoming a great wrestler, why? Because he fucking loves it.

### **WRESTLING STYLE:**

Mixed Martial Artist, *He was trained by notable MMA Fighter Jakko Wirman in the art of combat before moving to America and transitioning over to pro wrestling. He uses a lot of submissions and strikes in his arsenal, a great wrestler and a solid kickboxer*

Strong Style, *After moving to California he was taught pro wrestling by Jeb Fisher, through his MMA connection with Jakko. Jeb taught that young Ich to drop people on their fucking heads and hit em until they don't get up anymore - also get the fuck up pussy.*

### **STRENGTHS:**

1. **Talent**, *This shit comes easy to Ichabod, a natutral Athlete who barely has to try to piss excellence, it's just what he was born to do. He's faster, he's stretchier, he can go the extra mile without even breaking a sweat.*
2. **Poetry in Motion**, *This comes with Talent, but the way he's able to chain offence together like some kind of wrestling machine is really what sets him apart from others. It's the perfect melody - no missed keys, and all fucking brutal.*
3. **Something to Prove**, *don't we all?*

### **WEAKNESSES:**

1. **Ego**, *Ichabod is cocky as fuck, he knows he has all the tools and you'd be fucking graced to see him use them. Because when he does? If he does? Wow... It's really something.*

2. **Lazy**, *Why train when you can game? Why hit the gym when you can pop a couple drugs and have the sex? Why do anything?*

**BACKSTORY:** Born to [Dr. Rickard Geen](#) (Doctorate in environmental science) and [Marjo Warmen](#) (famed author in sexual psychology), Ichabod grew up with a silver spoon in his mouth. Spoiled, some would call it. But he went out of his way to make sure he wasn't a dick about it, and often failed in the attempt. He practiced BJJ in his youth before dropping out of high school a few months before graduation and moving to America. It's there where he would make a name for himself in the local California party/club/festival scene - having a frankly ridiculous amount of money to throw at whatever suited his fancy.

At some point he would meet Weston Lovejoy, and the two would become bestfriends. Weston moving into his penthouse apartment and really just becoming his right hand man and vice versa. Ichabod did a lot of growing up next to Weston, furthering his training in martial arts as well as professional wrestling training. He was trained and worked for Jeb Fisher, selling drugs and other exotic wares for the man. Fast forward to now, He's the young fucking legend. What more is there to say?
