Subject: Urgent: Protect SUGA from Malicious Misinformation

Dear Big Hit Music Team,

I hope this message finds you well. I am writing as a concerned fan regarding the recent malicious and targeted articles spreading misinformation about SUGA (Min Yoongi).

These articles not only tarnish his reputation but also cause unnecessary distress to both him and the BTS ARMY. I kindly request that you take immediate action to protect SUGA from these attacks by addressing the spread of false information and ensuring that the truth is made clear to the public.

SUGA, along with all members of BTS, has always been a beacon of positivity and inspiration for millions worldwide. It is disheartening to see him become the target of such baseless attacks.

Thank you for your attention to this matter and for your continuous efforts in supporting and protecting BTS.

(Please find the attached proofs for context)

Sincerely,
ARMY
