

### Early praise for *Tilly in Technicolor*:

“So freaking cute. *Tilly in Technicolor* will have you aching with love for these characters while swooning at their awkward adorableness together. I want to hug this book to my chest.” —Chloe Gong, #1 *New York Times* bestselling author of *These Violent Delights*

“A tender, heartfelt, and effortlessly inclusive feel-good YA romance with one of the best (read: hilarious) disaster-cutes I’ve ever witnessed, *Tilly in Technicolor* captures the giddy thrill of finding the person who sees you, who gets you, and who, ultimately, adores you exactly as you are. I loved Mazey Eddings’s YA debut—the equivalent of a firm bear hug—from the very first page, and by the time I reached the last, I felt loved back. This is an affirming and joyful novel about rediscovering yourself outside of boxes, expectations, and comfort zones.” —Lillie Vale, author of *Beauty and the Besharam*

“Mazey Eddings has one of the most realistically hilarious voices in Romance and has secured this across age categories with her new YA rom-com, *Tilly in Technicolor*. Equal parts funny, awkward, tender, hopeful, and swoony, I would do anything for Tilly and Oliver. WE MUST PROTECT THEM AT ALL COSTS. Can’t wait for more books from Mazey! —Susan Lee, author of *Seoulmates*

“*Tilly in Technicolor* is the perfect coming of age story set in far off places and featuring one hell of an adorable love story. Eddings has brought a new and inspired voice to YA romance with her own (very welcome) spin, inviting neurodivergent readers to find themselves understood, accepted and fully loved within the pages.” —Erin Hahn, author of *Never Saw You Coming*

“*Tilly in Technicolor* lives up to its name, as Mazey Eddings writes with a full palette of colors. Beneath the laughter and the swooning, there’s a rich journey of self-acceptance and not changing who you are to fit in with the rest of the world. This book shines bright.” —Brian D. Kennedy, author of *A Little Bit Country*

“A wildly fun travel adventure, poignant celebration of neurodiversity, and swoon-worthy romance all at once, *Tilly in Technicolor* is an unforgettable YA debut. It will leave you laughing, making heart-eyes, and running to add anything Mazey Eddings writes to your shelf. I loved every bright, colorful minute with Tilly and Ollie!” —Kaitlyn Hill, author of *Love from Scratch*
