How to force a snapshot to get flused for AWR report?

#	Description	Command / Details / Screenshots
1	How to force a snapshot a snapshot?	EXEC DBMS_WORKLOAD_REPOSITORY.CREATE_SNAPSHOT();
2	Verify	set linesize 200 pages 200 col BEGIN_INTERVAL_TIME format a35 col END_INTERVAL_TIME format a35 select snap_id instance_number, BEGIN_INTERVAL_TIME, END_INTERVAL_TIME from dba_hist_snapshot order by instance_number, BEGIN_INTERVAL_TIME;

Hope this helps.
