

ARTIKEL PENELITIAN / RESEARCH ARTICLE

e-ISSN 2302-3589

[Research Title In Indonesian: Specific, Informative, Maximum 20 Words]*[Cambria 15 pt, Bold, blue 007BB8, left-aligned]***[Complete Research Title in English: Specific, Informative, Maximum 20 Words]** *[Cambria 10 pt, Bold Italic, black]*Running title: [Short title, max. 60 characters] *[Cambria 9 pt — max. 60 characters]***[Author Name 1]^{1*}, [Author Name 2]², [Author Name 3]³** *[Cambria 10 pt, Bold, black — full name without academic title]*¹*[Department, Faculty, University, City, ZIP Code, Country]* *[Cambria 8 pt, Italic, black — blue superscript 007BB8]*²*[Department, Faculty, University, City, ZIP Code, Country]*³*[Department, Faculty, University, City, ZIP Code, Country]***Abstract** *[Cambria 8 pt, Bold]**[Write the English abstract here. 150–250 words, one narrative paragraph, no citations and no undefined abbreviations. Include: background and objectives; methods (location, period, sampling design, analysis); main results with key quantitative data; conclusions and their implications.]**[Cambria 8 pt, regular, black, justified]*

Keywords: [keyword 1; keyword 2; keyword 3; keyword 4; keyword 5 — 4–6 keywords, alphabetical order, separated by semicolons]

Abstrak*[Write the Indonesian abstract here — an accurate bilingual equivalent of the English abstract, 150–250 words, one narrative paragraph, no citations.]*

Kata kunci: [kata kunci 1; kata kunci 2; kata kunci 3; kata kunci 4; kata kunci 5 — 4–6 kata kunci,urut alfabetis, dipisahkan titik koma]

1. Introduction *[Cambria 8.5 pt, Bold, numbered]**[Paragraph 1 — background and urgency of the topic with up-to-date references. Example in-text citations: (Carpenter & Niem, 1998) or Rondonuwu et al. (2025).]* *Cambria 9 pt, black; CITATION blue 007BB8 — hyperlink to reference entry]**[Paragraph 2 — gap analysis: what is already known and what remains unknown, followed by the knowledge gap this study addresses.]**[Paragraph 3 — novelty and research objectives, stated explicitly in the closing sentence.]***2. Materials and Methods****2.1. Study period and location** *[Cambria 8 pt, Bold Italic]**[Study period, site description, and station coordinates. Refer to the location map (Figure 1).]***2.2. Data collection***[Equipment, materials, sampling design, number of replicates, and procedures — sufficiently detailed to allow replication. State the brand, model, city, and country of major instruments.]***2.2.1. Laboratory analysis** *[Cambria 7.6 pt, Bold Italic]**[Laboratory procedures if applicable.]***2.3. Data analysis***[Formulae/indices with their references, statistical tests, significance level, and software with version numbers.]***3. Results***[Present findings objectively without interpretation. Every table and figure must be cited in the text before it appears (Table 1).]***Table 1.** *[Table caption ABOVE the table, concise and self-contained.]* *[number: Cambria 7.6 pt Bold; caption text: Cambria 7.6 pt regular]*

[Parameter]	[Station 1]	[Station 2]
[Temperature (°C)]	[28.4 ± 0.3]	[29.1 ± 0.5]
[Salinity (‰)]	[32.1 ± 0.4]	[31.8 ± 0.6]

*Note: [table footnote]. [open table format — horizontal rules only]**[Insert figure here — minimum 300 dpi]***Figure 1.** *[Figure caption BELOW the figure, complete with source.]* *[number: Cambria 7.6 pt Bold; caption text: Cambria 7.6 pt regular]***4. Discussion***[Interpretation of the main findings — their scientific significance, not a repetition of numbers from Results.]**[Comparison with previous studies and explanation of why results are similar or different.]**[Implications for management, conservation, or policy; close with study limitations.]***5. Conclusion**

[Maximum 150 words. Answers the research objectives; no citations and no new data.]

Competing interests [closing statements follow FAS order]

The authors declare no competing interests relevant to this article.

Funding sources

[Not applicable — or: This study was funded by [Agency] under contract number [XXX].]

Acknowledgements

[Parties who provided technical assistance, site access, laboratory facilities, or data permissions. Remove for blind review submission.]

Authors' contributions

[CRediT taxonomy. Example: AB: conceptualization, methodology, writing — original draft; CD: formal analysis, visualization; EF: supervision, writing — review & editing.]

Availability of data and materials

The dataset supporting the findings of this study is available from the corresponding author upon reasonable request.

Ethics approval and consent to participate

[Not applicable — or state the name of the Ethics Committee and the approval number.]
