Introduction

COPOUT26 with TOO LITTLE and TOO LATE has failed us.

Goal

We need to lift our voices higher, stronger and harder on twitter!

Mission

Together our voices can be stronger and be heard more! Find a way to work together to lift more voices and our own voices.

Plan

1. Create a draft goal and plan to explain what we are trying to achieve?
2. Pipeline with daily tweeting teams and weekly plan for writing suggested tweets and photos.
3. Decide on a few rules about people sharing and sharing own material and about how harsh we shall be? Using tweetdeck and other methods.
4. Decide communication channels eg slack and /or twitter.
5. Building of buddy system and creation of new methods.
6. Discuss Core Values, CoC and Conflict transformation.

7. Decide on a name, logo and other brand ideas
8. Account security.
9. Support needed.
10. Define age, and how to work in SOS so that this builds both more voices and stronger voices.
