

Parent/Legal Guardian Prior Notification for Student Checkout of Library Materials to be Used for Instructional Purposes

When library materials are intended to be used for instructional purposes, parents/legal guardians may determine whether they are appropriate for their children. Library materials are considered instructional materials when used (i) for completion of an assignment, or (ii) as part of an academic or extracurricular educational program.

Please complete this form in its entirety and submit it to the school's library media specialist to request that your child be restricted from checking out library material(s) for instructional purposes without prior parental/legal guardian permission. This restriction will be in effect, even if your student transfers schools, until you provide written notice to a VBCPS school library requesting the restriction be removed.
