

Why We Are Offering the Pre-ACT - 10/22/25 (10th grade)

At Central Piedmont Early College, we believe in creating as many opportunities as possible for our students to own their future. That is why we offer the Pre-ACT, a practice version of the ACT, as well as an early college and career readiness assessment. This test is important because it helps students experience ACT-style testing in a low-stress setting, identifies academic strengths and areas for growth, and provides an early indicator of college readiness.

To help your child prepare, here are a few **free online resources**:

- **ACT.org Free Prep** – [ACT Free Test Prep](#)
- **EnAct Your Future** – [ACT Academy](#)
- **Kaplan Practice Test** – [Free Kaplan ACT Resources](#)

Encourage your child to spend a little time each week using these tools. Even short, consistent practice can make a big difference.

Thank you for supporting your child as they prepare for this important step! As always, please reach out to Dr. Pendergrass (nd.pendergrass@cms.k12.nc.us)—we are here to help!
