

Worst-Case Scenario Presentation

Assignment due:

Task:

You are going to create a video presentation about what to do in a dangerous situation. You may work alone or in a group. Follow the steps below to complete the assignment:

Learning Outcomes:

- 1.8 research topics using a variety of reliable print, electronic, visual, and other resources.
- 1.9 synthesize information from multiple sources; organize and present the information in accordance with specified organizational guidelines
- 3.6 employ affective social learning strategies and appropriate functional language to participate in cooperative learning activities (think-pair-share, questioning/challenging, reciprocal reading, etc.).
- 4.8 represent learning through digital formats

Process:

1. Choose a situation from the Worst-Case Scenario Handbook.
2. Research what to do in that situation. Use the reading from *The Worst-Case Scenario Handbook* **and** at least 1 other source to gather information.
3. Using what you have researched and read, decide on **8-10 tips or steps to follow** when faced with your situation.
4. Plan a video or PowerPoint presentation to share your information with the class:
 - If doing a video- create a storyboard- or a basic plan of what you will do before you start recording
 - If doing a PowerPoint, **use your own words** as much as possible. If you copy and paste information from the internet, include a final slide showing your sources.
 - You will then present to the class
