

Screencasting With Snagit Chrome App

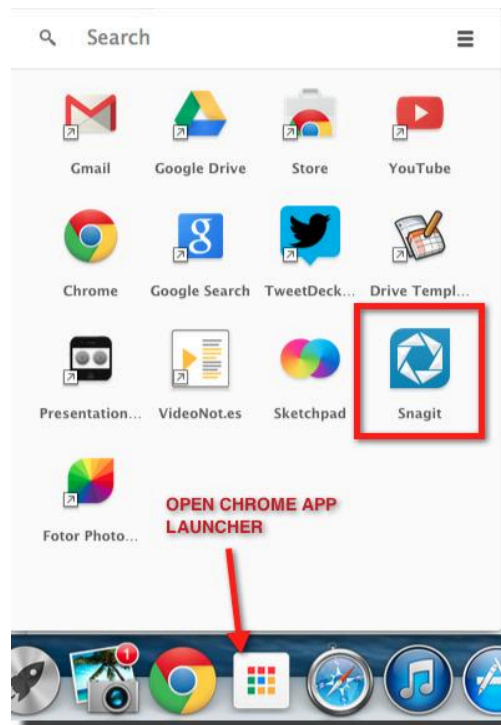

Tom Driscoll
Educator / Blended Learning Specialist

@Mr_Driscoll
ThDriscoll@gmail.com

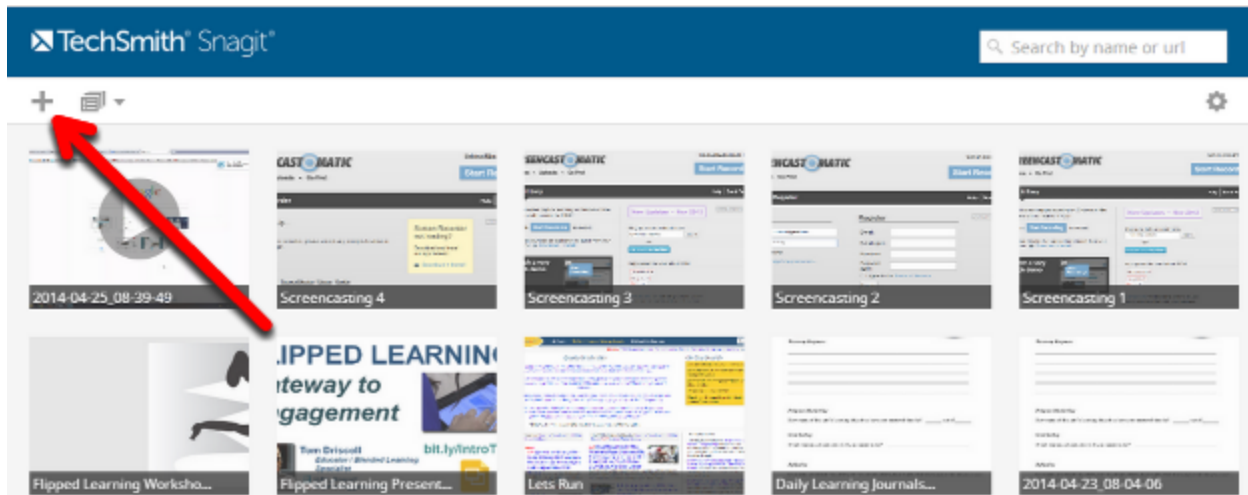

1. Install both the **Snagit App** & **Snagit Extension**.

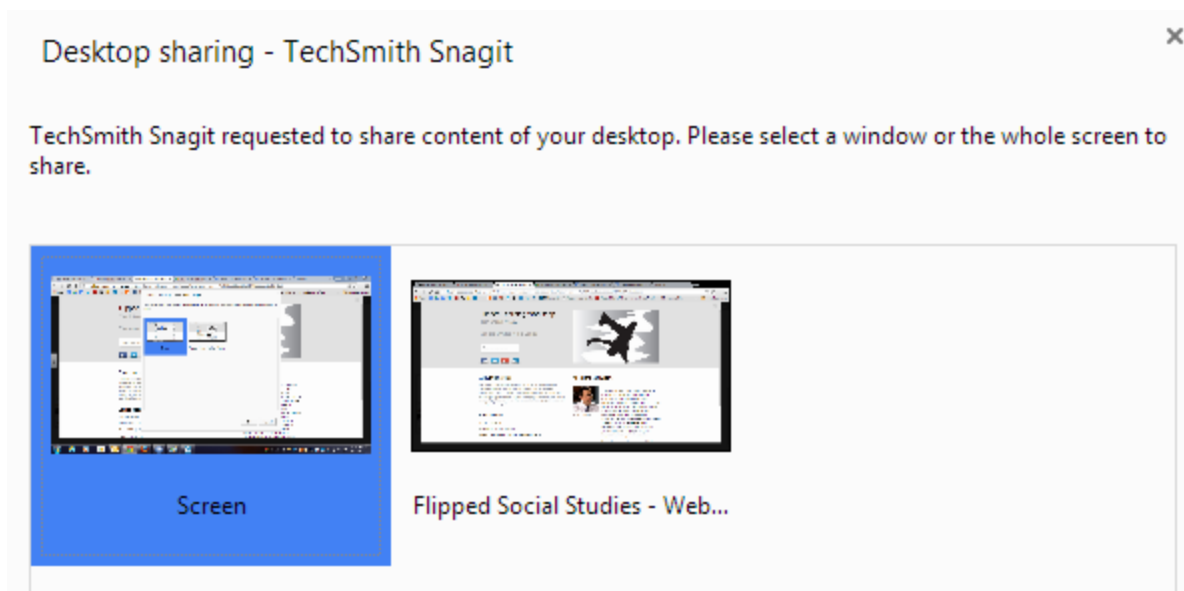

2. Open Snagit App

3. Create New Screen Recording (Upper Left)

4. Select Recording Area

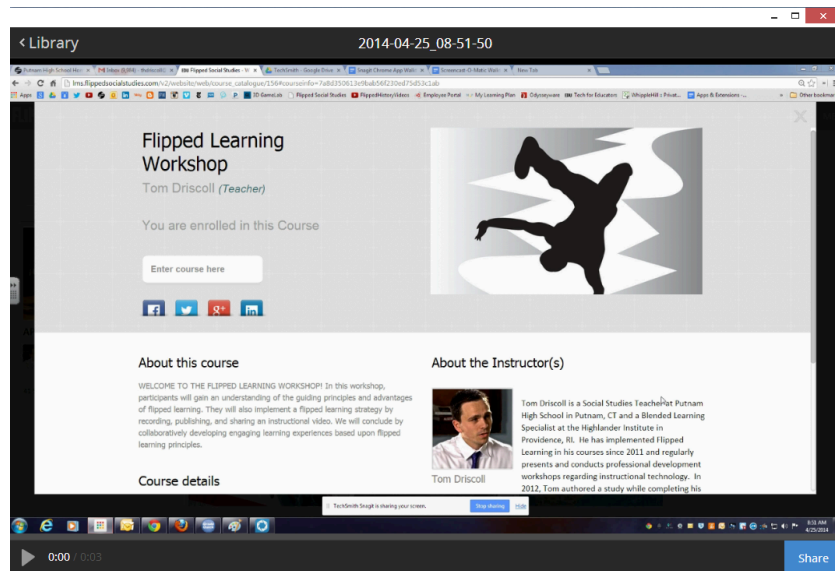

5. Click "Stop Sharing" when complete.

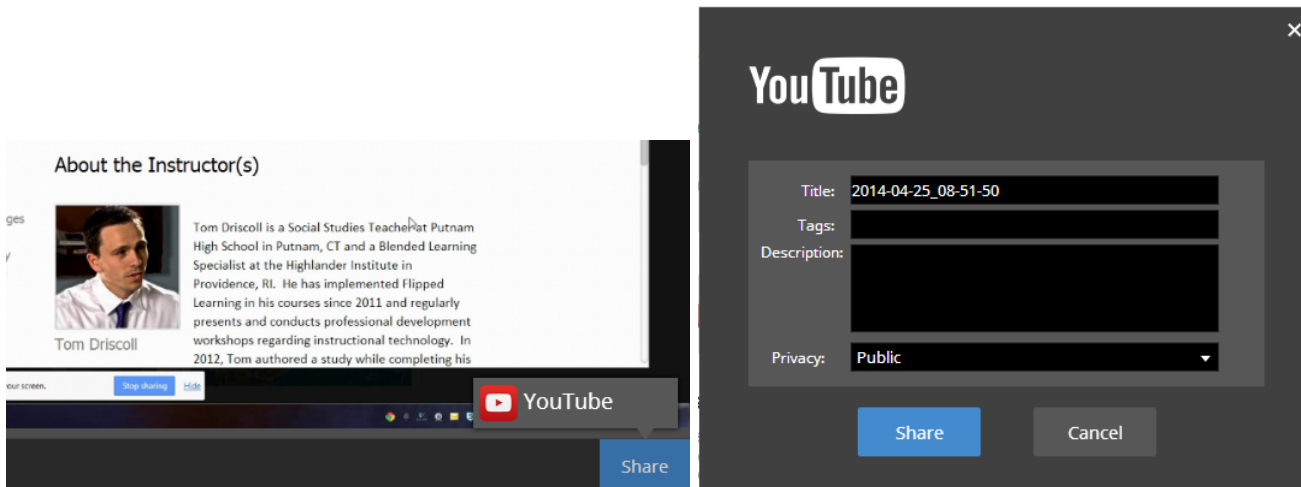

6. Preview Video & Share

***** Video is automatically added to the TechSmith folder in your Google Drive.**

To Share Via YouTube, click Share (Lower Right) then enter video details.

Video tutorial also available [here](#) courtesy of [Jonathan Wylie](#).
