1. Kazanım: E7.6.R1. Students will be able to understand texts about celebrations.

**Soru:** Read the text and answer the question. "Next Sunday is Jane's birthday. Her mother is very busy because she is organizing a surprise party at their house. She has a long to-do list: First, she must buy some beverages and a big chocolate cake. Then, she needs to decorate the living room with colorful balloons and ribbons. Finally, she must invite Jane's classmates."

**Question:** What does Jane's mother need for the decoration of the party?

**Cevap:** She needs colorful balloons and ribbons.

We  
She  
it

2. Kazanım: E7.6.R1. Students will be able to understand texts about celebrations.

**Soru:** Read the dialogue and answer the question.

**Mark:** Are you doing anything on Saturday afternoon?

**Lily:** No, not at all. Why?

**Mark:** I'm having a graduation party for my brother. Would you like to join us?

**Lily:** That sounds great! Where is it going to be?

**Mark:** It's at the Sunshine Café on Apple Street. It starts at 2 p.m.

**Lily:** Okay, see you there!

**Question:** According to the dialogue, what is the location of the party?

**Cevap:** The party is at the Sunshine Café on Apple Street.

3. Kazanım: E7.6.W1. Students will be able to write invitation cards.

**Soru:** Imagine you are organizing a "New Year Party" at your home. Write a short invitation card for your best friend. Your card must include the date, time, and one rule (e.g., dress code or what to bring).

**Cevap:** Dear [Friend's Name], I am having a New Year Party at my house on December 31st. It starts at 8 p.m. Don't forget to wear a funny hat! I hope you can come. Love, [Your Name].

**4. Kazanım: E7.7.R1. Students will be able to understand short and simple texts about predictions.**

**Soru:** Read the text and answer the question. "I am Tom and I am very interested in technology. In the future, I believe people won't drive cars anymore because there will be flying cars everywhere. Also, I think robots will do all the housework, so we will have more free time. I hope the world will be a more peaceful place."

**Question:** What is Tom's prediction about housework in the future?

**Cevap:** He thinks (or predicts) that robots will do all the housework.

---

**5. Kazanım: E7.7.R1. Students will be able to understand short and simple texts about predictions.**

**Soru:** Read the predictions below and answer the question.

- **Sarah:** I think I will travel around the world after I graduate.
- **Kevin:** I believe I will be a very famous doctor and help many people.
- **Amy:** In my opinion, I will live in a small, quiet village when I get old.

**Question:** Who has a prediction about their professional career?

**Cevap:** Kevin has a prediction about his career. (He believes he will be a famous doctor).
