

**WEEK 2** € March 7: Lesson – Money & Jobs. In class activity – document your current bank/work situation in France, in English, addressing all vocabulary words from the Money and Work parts of the lesson. You may omit the majority of the career names but must mention at least two of them. Think of 8 questions to which you will need the answer when you travel to an Anglophone country (use this vocabulary). Write them down in English, along with 1-2 possible answers that you may receive.

**Homework:** Start on rough-draft (brouillon) of your CV in English. We will be working on these in class on March 14 so be sure to bring a rough draft to class on that date.
