

* Send an email to support at [centralr3.org](mailto:support@centralr3.org) and a ticket will be automatically created. You will receive an email saying that a ticket has been created. As the Technology Department works on your issue, you will receive emails with updates on the issue. At any time, you can simply reply to the ticket's email if you have something to add to the work order and your email reply will be added to the ticket.
