Yellow Pages Canada 411, 2005: 2,417,992,There are lot of smart phones today which
possesses big ability as well as give a great deal of cushion to mobile phone users to charge
their mobile batteries by taking time. They could give a standby time of practically 20 12-15 hrs,
though it varies at times relying on the capacities of a phone. As an example mobile phone
having camera, mp3 gamer would have low ability compared to the ordinary ones. Capability of
cell phone batteries are measured either in terms of standby time or a talk time., canada 411
