Viliam	<p>Surf to turf, World vision, Football, Pals, Kapa Haka, and PCT,</p>		<p>I liked Camp because it was so fun when we had those Activities. Some were very hard and one of my most favourite ones were when we had Tree Climbing and Orienteering because it was very challenging and super hard. My second favourite was Surf to Turf because it had a lot of challenges. The hardest part of Surf to Turf was the training and the exercise that we had to do at the end. My 3rd best activity was World Vision because we could learn a lot of stuff about the crisis of unhealthy water in Africa. It felt very sad that we had to hear but we were honoured to help. So we did it by doing the 40 hour challenge. The 40 hour challenge is that you have to spend without something for example no furniture for 40 hours or no devices for 40 hours. I hope I am in Miss Rogers' class next year because she is the best and will positively impact my learning.</p>
