Modified Release

Changes Effective as of 8/13/26

- Once a modified release has been declared, this will be the procedure for the rest of our carpool on that given day.
- Families are no longer required or permitted to exit their vehicle during our modified release. You must remain in your vehicle at all times and wait for your student to come to your vehicle.
- If you are in our carpool line during a modified release, you give PCK permission to release your student(s) to your vehicle. If you do not consent to this process, you must park off-site in an area that does not impede our carpool, and then walk up to the school to release your student.
- During a modified release, the West Loop will no longer operate, and will now combine with the South Loop. All students will be picked up at their normal carpool locations, except West carpool which will join the South loop.
