[4] *Institute of Fourth Author, City, Country, Email: fourth.author@gmail.com*

Abstract

This document is the template for research papers written for AI-WRRE Conferences. It is a Microsoft Word document. This document is not made to teach you how to write a scientific paper, but it is about the format and shape of the pages and their contents including text, figures and tables. Number of pages must not exceed ten pages and not less than four. Authors are required to follow the instructions provided in this document. In addition to accepting the scientific content, publishing authors work is subject to following this format. Section titles and contents depend on your research.

Please make sure that the **Abstract** and **keywords** must NOT exceed the first page of your paper.

Keywords: Separate, keywords, with, a comma.
