President's Report

Next Meeting, February 7, 2026

Good Morning,

I have been under the weather with a cold for about 10 days now but am starting to feel a little better now. While I was isolating in my room (so I did not contaminate the entire household), I was going over my quilting plan for this year. I have several BOM projects close to finishing. So those have priority. Then I signed up for another BOM which has already started, so I am planning on getting started in the near future. Whether you simply have a list going in your mind or you actually have a written list going, it is my opinion that these do help to keep me on track. I encourage you to think about a plan and commence it!

Call to Order- Minutes

Ladies-

I am so very sorry, but I cannot find the notes that I took for our last guild meeting.

I should have written them up before I left for my 2 big trips to the desert and to Florida.

The main topic of discussion was that Luther Glen goofed up and did not reserve our same dates for us for 2026. We need to have 15 attendees and as of the meeting there were only 8. For BOM it was decided that we would do star blocks, but I don't recall the finish size.

Terri did a demonstration for a one seam flying goose block. Teresa Down Under- 2-minute one seam flying geese quilt block

Link and instruction are listed below Show and Share

We also had the fat quarter drawing and show and share.

Once again, I apologize profusely for dropping the ball on this.

Megan

A note from- **Vicki**, BOM Chair

BOM At January meeting it was decided to go back to the traditional Block of the Month. Which is make 2 blocks same pattern, turn in one finished block at next guild meeting and keep the other. Each month there will be a drawing of all blocks turned in. Winner gets them all.

Guild choose Star pattern, Patriotic colors, in a 12" finished block. Your block to be turned in will measure 12 1/2" square. Background should be light color to show off your star. The last star I made was over 10 years ago. Wow Have fun.

A note from **Lynn**-
