

OPENING CHESHIRE'S HOUSE – LEVEL 45

The items you need to open Cheshire House are the items needed to turn in Collection #13 Missing Smiles.

They are found searching locations. They can be gifted to you. They can be purchased for 5 blue Crystals each.

- Cat Toy - Backstreets
- Watch on a Chain - Secret Department (**Not needed**)
- Policeman's Cap - Secret Department
- Clockwork Mouse - Confectioner's Shop
- Fish Skeleton - BackStreets

Warning: Players can request these items on your wall and you may not realize they will be deducted from your inventory!

You will need to save up 15 each.

When you have all 15 - go to the Cheshire House and click on "Create" When you open the location all 15 will be deducted from your inventory.

Tip: You may need to turn in this collection 1-2 times in the beginning

of the game to complete some Quests.

Tip: These are the ONLY collection items in the entire game that can be requested on your wall.

HOW TO TELL THE DIFFERENCE OF A CHARGER TOOL AND COLLECTION ITEM REQUEST ON YOUR WALL:

Tip: Look at the Bows. If you receive a request for this item you can either delete it or send a courtesy message to the other player that you are trying to collect these as well and cannot gift it at this time.

Tip: It is better to add this to your wish list than to request the items from players, those that have extras and see it on your wish list will gift it to you.

Tip: Come to the help forum and post a comment you are trying to open Cheshire's House and those that have extras will send them to you. There are lots of players that have extras of these items, mostly higher level players that have already opened the location and have no need for the collection any more.
