

Name: _____ Class: _____

Missed the concert? We missed YOU!

Maybe your family planned a trip to Disney World, you had a sports practice which your coach would not excuse, you couldn't get a ride, or you got the flu. Everyone has conflicts or gets sick sometimes. However, the concert is like the unit test at the end of our concert preparation unit. Unfortunately, the concert happens only once a year. It involves other students, and multi-sensory activities on a stage, which we can't reproduce in any other way. We worked hard together to create this special experience. When you weren't there, it diminished the group. YOU were missed! Whatever the reason for your absence, as mentioned in class, you will need to complete this alternate assignment. **Please use complete sentences, proper grammar and correct spelling to complete questions 1-6.**

1) I was absent from the concert because:

*(If you missed because of a sports conflict, who is your coach and what team/league do you play on?

2) Music and sports both offer benefits to the participants. Music and sports have many things in common. ***Please write a paragraph (5 to 7 good sentences) which includes at least 5 similarities between music and sports.***

-continued on back-

3) What was your most positive contribution to the group's concert preparation before your absence?

4) What could you have done to improve your preparation and contribution to the group's concert experience?

5) Think back to a recent rehearsal. What was your favorite song or part of the concert rehearsal? Why?

6) What musical concepts do you understand better because of having prepared for the concert?
