

What's our secret at BHS? Getting involved in the Beechwood Way.

Rush Week: August 26th - August 30th, 2024

According to the National Center for Educational Statistics, students who are involved in school-related activities outside of the classroom are more likely to go to class, to have a GPA of 3.0 or above, to be in the highest quartile on a composite math and reading assignments, and to earn a bachelor's degree or higher. Beechwood wants ALL students to be successful in school and in life by being connected to their school.
