About the training

The venue is the online platform Zoom.

The purpose of the training is to raise awareness of operators, public organisations and service providers in the organic sector on the requirements and proper use of the Ukrainian state organic logo and labelling in general.

Organisers and partners:

This training is organised by the Ministry of Agrarian Policy and Food of Ukraine and Organic Standard certification body with the support of Switzerland within the framework of the Swiss-Ukrainian programme “Higher Value Added Trade from the Organic and Dairy Sector in Ukraine”, implemented by the Research Institute of Organic Agriculture (FiBL, Switzerland) in partnership with SAFOSO AG (Switzerland).

Media partner: OrganicInfo.ua

After the event, the training materials will be emailed to the participants.
