*(Ask when seeking to buy)

I reserve the right to refuse a commission for any reason. I must be paid upfront. Refunds are 100% until sketch approval, which refunds will be 50% afterwards. You cannot refund once lineart is completed. All pricing is AVERAGES, not final prices.

YCH (Your Character Here) Commissions will be done by a DISCOUNT of the respective commission type, i.e. YCH sketches are cheaper than Commissioned sketches.

You may request your commission to be completed on stream. I'll schedule the details.

You MUST request permission to use commercially (and edited, forgot to add).

All art (except Twitch Emotes) are for personal use. And no, you cannot make my art an Non-fungible Token (NFT).

If something you'd like done by me but don't see information, feel free to DM me!

(Contact me via Twitter, Tumblr, or Furafinity at death_tink/death-tink for considering a commission with me!)

(All transactions will be done on VenMo ONLY, PayPal will be gotten in the future.)

(More Commission Types may be added over time.)
