

PROJECT UFUN - UTOKEN CRYPTO CURRENCY

Project Overview:

**ANYONE READING THIS DOCUMENT HAS THE POTENTIAL TO BECOME A
MILLIONAIRE BY THE END OF 2017!**

THAT IS NO JOKE! I AM COMPLETELY SERIOUS!

**WELCOME TO THE NEW CURRENCY WORLD.
TIMING IS EVERYTHING. AND OUR TIMING IS JUST INCREDIBLE!!**

- 1) UFUN is an Asian corporation based out of Bangkok, Thailand that opened March 2014
- Join by private invitation only - NO REFERRAL LINKS!
- 2) UFUN currently has 200,000 members enrolled. WOW! Will have millions soon!
- 3) Since then, **UFUN has created 200 millionaires** - How did they do this??
- 4) UFUN's only product is the **UToken** - their own Crypto Currency (like Bitcoin)
- 5) The UToken is backed by huge businesses all over Asia, 22% reserved by Gold from 3 major Asian banks, and is also insured.
- 6) The **UToken has split 3 times since opening**. Meaning the UToken price rises from 0.10 cents to \$1, then splits 10 ways. So if you started with 1000 utokens and it splits, you get 10,000 utokens. Split again, you get 100,000 utokens
- 7) Our upline Casey from Thailand started with 6640 utokens and now has over 1,000,000 utokens since he started prelaunch in January 2014.
- 8) Casey has already withdrawn over **\$40,000 USD in his pocket!!**
- 9) This is VERY real, and Very Very Very big time
- 10) UFUN has a **ONE TIME payment only. No monthly. No annual fee.**
- 11) You earn your profits as the UToken goes up in price and splits
- 12) Splitting is a controlled system by the company and will only take place until end of 2016
- 13) We have **2 years to take advantage** of this massive splitting growth.
- 14) Imagine starting with 6000 UTokens and it splits 4 times over next 2 years. 6000 UTokens would grow from 6000 to 60,000 to 600,000 to 6,000,000 to 60,000,000 UTokens. Now, imagine if the UToken rose in value to \$1...or \$5.... or \$50 per UToken. The math is tremendously powerful
- 15) This is NOT a Coop. It is a Passive Play with optional team building component. Meaning you can just join UFUN, get your UTokens, and sit back passively. Obviously all of your contacts will benefit amazingly from UFUN, so feel free to share if you want, totally optional!

THOUGHTS ABOUT DIGITAL CURRENCIES:

We've all heard about BITCOIN now, and we all have thought there is a HUGE potential with using crypto currencies do our advantage....and we ALL WISH that we bought BITCOIN on day 1. I've been looking for the RIGHT vehicle to make getting into the Crypto World an absolute home run!! This is more than a home run.

WE ARE AT THE BEGINNING OF AN ESTABLISHED ASIAN CRYPTO CURRENCY THAT IS ABOUT TO BE ADOPTED AND UNLEASHED TO THE REST OF THE ENGLISH SPEAKING WORLD!!!

We are talking about creating a globally recognized crypto currency that major retailers, businesses, and organizations use day-to-day to buy the products and services customers want.

AND NOW WE HAVE THE ABILITY TO GET IN AND EARN PASSIVELY FROM UTOKENS FOR LITERALLY DECADES, COMPLETELY AUTOMATED, AND HAVE HUGE MILLIONAIRE AND BEYOND UPSIDE POTENTIAL!!!

I am sorry. This is one of the BEST passive plays I have ever seen.

And now you know what I just HAD to show you this right away.

The sooner you BUY YOUR UTOKENS..the faster you can take advantage of the coin splitting multiple times until the end of 2016.

At this point, the company will STOP THE SPLITTING and just let the UTOKEN rise in value over and over again, until it breaches \$1/coin and could \$5/coin, \$50/coin, or more!

THE WORLD IS A VERY BIG PLACE AND WE ARE JUST GETTING STARTED!!!

We are talking about creating a digital currency economy in the Trillions and Trillions of USD\$ dollars...and potentially even more than that!!

UFUN OVERVIEW PRESENTATION:

This is the BEST video to describe UFUN. Most importantly pay attention to how the UToken can ONLY GO UP in value. It can never go down. UFUN uses its own internal market volume to allow its member to sell the UToken at a certain price. This demand and supply causes the UToken to go up in price by 0.001 at a time. For example right now it's at 0.128. It will slowly rise to 0.129....0.135 ...and so on until it hits \$1.00 and splits, and you get 10 x UTokens in your account. What a BRILLIANT system!!

UTOKEN IS BEING ADOPTED BY MANY ASIAN STORES & COMPANIES!

UFUN CLUB HAS PARTNERED WITH MAJOR RESORTS, MINING, AND MANY MORE COMPANIES ALL OVER ASIA!

COLUMBIA STORE CHAIN:

One of the signs that a digital currency is legitimate and really taking root is when there are big businesses beginning to accept it for the sale of goods and services.

Well... Columbia, which has 400 outlets and is Indonesia's largest electrical appliance chain store with 10,000+ employees, recently started accepting UToken.

MAJOR BANKS ARE HOLDING GOLD IN RESERVE TO BACK THE UToken:

What do Asian Businesses people, Bankers, Generals, Ministers, Online Program Owners and Networkers have in Common?

They Are All Buying Their Utokens Packages! Heck, even a CEO for a Major US Multinational MLM Company has resigned from his post to be part of this Utokens Movement!

They all saw a Trend that is going to create a Paradigm Shift in all Industries.
In this Internet age, they saw something that is so Revolutionary and experts are even calling this "The Perfect Business".

With 4.5 Billion people in Asia alone, we have a Great Foundation and an UNFAIR Advantage over other digital currencies which will make UTokens the ULTIMATE Digital Currency of CHOICE!!.

Talks and Agreements are also being held between the Chinese Government and UFUN Management to **Officially Upgrade Utokens as China's Recognized Digital Currency.**

With so many more projects in The pipelines, It is no longer a SECRET that The Top Elites in Asia are Rushing to buy THEIR UTOKENS! And now it's the English speakers turn to get their slice of this ever-growing massive pie!

Usually only the Elites and their inner circles have access to insanely profitable deals like this....now its UFUN and our members time to cash in on being part of the new Crypto inner circle!

UFUN HAS FOUR MAJOR HEADQUARTERS IN ASIA: (the UFUN global HQ is in Bangkok, Thailand)
