

it was leaked several times first. Star Fox Zero is looking even better and I'm glad that it got delayed now. Zelda U looks like it's going to be a Wii U title and it won't be moved to NX like people said it would be. I'm going to have to spend a lot of money next year with all of the box sets and collector's editions. And the Dragon Quest translations seem nice because I don't want to wait 15-30 years every time I want to play a JRPG in English. Cloud in Smash caught me off-guard because A.) I saw no one voting for him and B.) Final Fantasy VII has NEVER been on a Nintendo console. In fact, Square left Nintendo so that they could make FFXVII for PlayStation instead of Nintendo 64. Oh, and I hope the characters I campaigned for get announced during that December Smash broadcast. (over)

Lol tried to fix your typo for you.

Yeah, Great minds think alike!

(James) Yeah! I was actually expecting something about Banjo and Kazooie being revealed as DLC. And when they kept talking about RPGs that we'd get at least something about EarthBound. Guess that I had my expectations TOO high. (over)

(Tyler) And that Pegi board rating leaked for Minecraft Wii U edition! Mojang is now owned by Microsoft Game Studios, the same guys who (somewhat unfairly) bought Rareware. If Nintendo had to talk to them for them to get Minecraft on Wii U then that'd be the PERFECT opportunity for them to discuss putting Banjo & Kazooie into Smash Bros.

But... I guess since Cloud got in then Banjo looks more realistic than ever before. We've always had a glimmer of hope for Banjo and Phil Spencer's (the CEO of Xbox) tweets made them seem possible. But Cloud always seemed out of question. He marked the turning point where Final Fantasy went from being a Nintendo series to a largely PlayStation-exclusive series. So putting him in is like them giving PlayStation a representative.

I mean, if they can add in Cloud without fear of "promoting Sony" then that can add in Banjo and not worry about promoting Xbox. I've been one of the biggest #BanjoForSmash supporters since Phil Spencer first announced their possibility of inclusion. I just really hope they're announced in December during that presentation. (Over)

(James) Oh yeah! That's why I suspected Banjo in Smash! Oh, and I heard from someone that MOTHER 3 has been licensed for release in Europe. Have you heard anything like that? (over)

(Tyler) No, got a source? Where'd you hear that? (Over)

(James) Some black belt at my summer camp. She's a HUGE Nintendo fan. She let me look at her limited-edition MOTHER 3 Handbook from Fangamer. Who knows if she's telling the truth or not. (over)

(Tyler) It's just a rumor then... All are liars until proven correct. (over)

(James) You're right. BTW, what do you think we should do in terms of Miiverse? (over)

(Tyler) When the MOTHER 3 Japanese community pops up we shall make a glorious return to the old 'verse... MOTHER 3 on Virtual Console will generate the same response MOTHER 2 did when it came to VC in Japan! People

will be on our side again and praise us as the leaders we are! We shall form an army big enough to take down any naysayer and slay all trolls! There will be more roadblocks than ever with all of the dumb new rules invented by Miiverse! And the stakes still be higher than ever! If one account gets banned then you can no longer start over on a new account on that console! We'll have to keep our wits about us and play by their unfair rules! No force was able to convince Nintendo to re-release EarthBound until Miiverse came along! They listen to Miiverse and acknowledge us! Sites like Kotaku will provide coverage of our humble efforts just like they did for Battle for MOTHER 2! There, the denizens of the internet shall take notice and join in, thus providing fresh recruits! It may be a long, hard battle but not nearly as hard as it was last time! We've already gotten MOTHER 1 & 2 and if they aren't already planning a translation for us then getting one will be a walk in the park!...

December 17th... WE RIDE TOWARDS OUR DESTINY!! WE FIGHT FOR MOTHER!!!! MOTHER 3!!!!!!
(over)

(James) Yess! We shall do that! That is the most amazing idea ever!!!! (over)

(Tyler) Yeh.. (← Medieval version of yes)
By the end of next year, I look forward to a bear and bird in my Smash, and a JRPG masterpiece in my digital library.
(Over)

(James) Yup. The holidays will be AWESOME! (over)

(James) Still there? (over)

(Tyler) Yeah. Sorry. I'm trying to get homework done. I've missed today so I'm behind. Should've got it done two days ago when I asked for it ahead of today but I spent the week playing Conker's Bad Fur Day. (Over)

(James) Oh, OK! I understand you go and get that done first. I'll work on the blogs. (over)

(Tyler) Oh yeah, forgot about those! Sorry, it's been a while. Feel like I unfairly put you guys on the back-burner...
What sites are you using to blog? (Over)

(James) Tumblr and Blogger. I decided to use both so people could have more ways of finding us. (over)

(Aidan) Sup. I'm here. Also Nintendo said Cloud is the new DLC character... and I have no idea who that is, until now anyways.

(James) He's from a Final Fantasy game on PlayStation. (done)

(James) Anyone here?    <-Such as you guys. (done)

(Aidan) I'm here, and I now see that we need to put "(done)" at the end of our posts. Also, when I heard my friend say he saw something for Mother 3 VC in Japan, I thought it was a joke pointing at it not getting an American release yet. But now I see that it is on VC in Japan. So yeah, we might just have a shot. (over)

(James) Cool! Ted should be joining us soon. (done)

(Teddy) *Breaks open door* HERE'S TEDDY! (done)

(Teddy) Christmas is coming up, so let's start planning for "12 days of mother-mas" (done)

(Aidan) Good idea. Last year in Miiverse I did a 12 days of Miiverse kind of thing. For the third day I did "Three PSIchic heros" in the EB community with a picture of Ness, Paula, and Poo. You guys can use that if you want. (done)

(James) Hi! (done)

(Mega) Hello there (le donez)

(Teddy) Oh hey, James (done)

(James) We got a new recruit! It's Mega from Miiverse! (DONE)

(Teddy) Cool. (done)

(James) So, anything new? (done)

(Teddy) Well, while we were off of miiverse, I got involved with Negman and Eggmanland. (Done)

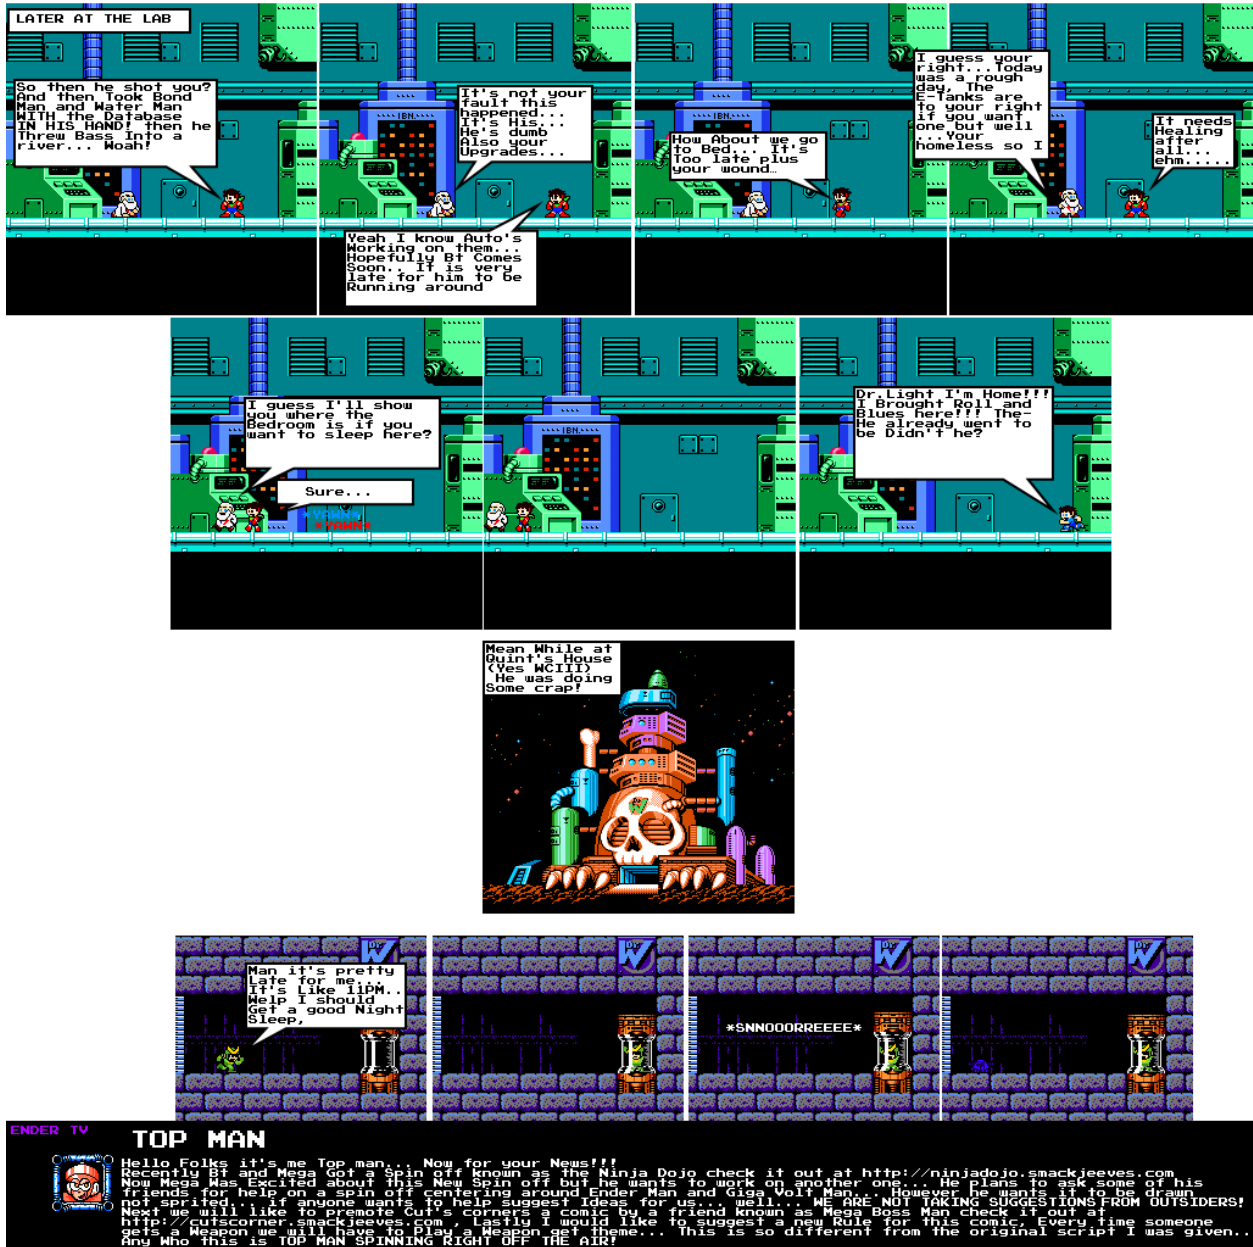

(Mega) Did you guys know I'm a sprite artist? (done)

(James) Nice! Both of y'all! (done)

(Teddy) So any ideas? (done)

(James) Someone's on Miiverse! I'll go check that out first. (done)

(Mega) Guys look below on the next page (done)

(Mega) This is an example from my webcomic I have online. I can link it if you want (done)

(Teddy) We could use someone like you. (done)

(James) Yeah! Oh, here's The new person on Miiverse ->

(Teddy) Hm. I'll have to check that out. (done)

(Mega) Oh Hey I know her. G'old Beth. When I first met her she hated Mario Kart 8 because they had helmets on the Miis. (done)

(Teddy) So we still have people who want to full on attack the MOTHER 3 community. (done)

(Mega) I think we should do a more passive approach to this. Maybe as a Last resort we attack the Mother 3 Community. (done)

(Teddy) Yeah, that's what I'm thinking too. When Tyler said that stuff about Slaying naysayers and whatnot, It's possible he was talking about attacking the place. (done)

(James) Maybe. I'll talk to him about it. Oh, and [Mato's video](#).

(Teddy) Then again, It looks as if history is going to repeat itself, with people bombarding the MOTHER 3 community. (done)

(James) Yeah. We'll probably have to keep the peace. But with the Miiverse update... (done)

(Teddy) I don't think the redesign will get in the way. People still have alts, you know. (done)

(Mega) I just found an Image of the [Lucas Amiibo](#)! (done)

(Teddy) It looks like we're getting the amiibo, at least. (done)

(James) Have you thought that we may get MOTHER 3 to coincide w/ the release of the amiibo like Japan. (done)

(Mega) Personally I think we should gather all the Earthbound games, Re-sprite all their artwork and make a MOTHER Collection title for download. and we can just upload it on a website for people to play. (done)

(Teddy) Like on steam? (done)

(Mega) Maybe? (done)

(James) Sorry, my mom needed me. Sorry. (done)

(Mega) Remember [This?](#) (done)

(James) I was so amazed the first time I saw it. (done)

(Mega) I cried. (done)

(James) What'd you think of the Direct on Thurs.? (done)

(Mega) It was cool (done)

(James) Any Ideas? (done)

(Mega) Nothin much. Do you have Minecraft? (done)

(James) Only on the XBox, but my dad won't let me on. (done)

(Mega) Want to play Smash bros only as Earthbound characters? (done)

(James) Sure! My main account is densti2772 (Done)

(James) Someone else is here! 🐦 (done)

(Mega) Should I make a little 4 Panel EB Comic? (done)

(Teddy) Sorry, I can't right now. (done)

(James) Sure! I'll post it on our blogs if you'll give me permission. (done)

(Mega) Sure! (done)

(James) Who's there? 🐉 (done)

(Mega) Ok I got the EB Overworld sprites. now to get the Onett world map (done)

(James) Gotta go! Sorry :((over and out)

(Mega) since you are gone I'll just upload this quickly. This is gonna be harder than I thought, I might need to take some time to do this tomorrow. (done)

(Teddy) Should we let Mato know about our changes? (done)

(Mega) Wait we can contact Clyde? (done)

(James) Yes. [Mato - Contact](#)

(Teddy) If anyone hasn't done it yet, I will. (Done)

(Mega) Oh hey Teddy (done)

(Teddy) Hey. So did you do it? (done)

(Mega) Contact Mato? no I didn't. (done)

(Teddy) Ok, I'll go do it. (done)

(Mega) Oh by the way could you show me the main base of operation? Teddy? are you there?
(done)

(Teddy) Yeah. It's just the miiverse thread. (done)

(Mega) Do you have a link to it? (done)

(Teddy) Here <https://miiverse.nintendo.net/posts/AYMHAAACAAADVHknHKPu7w> (Done)

(Mega) Do you have any games that are multiplayer like, minecraft? (done)

(Teddy) Yeah, but they're in the garage and my dad has the key. (done)

(Mega) ohhh.... that's inconvenient (done)

(Teddy) It's having trouble sending my e-mail to Clyde. (Done)

(Mega) We don't want any more failures in our e-mails defense mechanisms (done)

(Teddy) James, can you do it? (Done)

(Mega) Apparently james is not here right now (done)

(James) Sorry for my absence, but I'll try to get the eMail to Clyde. We were actually in one of Mato's videos. Here it is: <https://www.youtube.com/watch?v=dzYhZS6kBDk>

(Arctic) Hey guys! Am I late for the meeting?

(Andrew/Mr. Saturn) Am I doing it right? I don't think I am.

(Mega) Hey Teddy. What's new? (done)

(Teddy) Remember this? <http://earthboundcentral.com/forum/viewtopic.php?f=6&t=880> (done)

(Mega) I've never seen that before. Remember me and James are not the same person. (done)

(Teddy) James wasn't around when we made that. It was just me talking to Tyler. (done)

(Mega) Oh cool. I just started playing the fan translation Of Mother 3 today (done)

(Teddy) It's a very high quality translation, yes? (done)

(Mega) I agree with you. Speaking of who is the new guy over here? (done)

(Teddy) Did you know that they even translated the unused text? (done)

(Mega) Yeah. Pretty neat choice. (done)

(Teddy) I'm gonna sign in now. (done)

(Andrew/Mr. Saturn) We're close to our goal! Mother 3 is so close, I can feel it. But I bet

(Mega) Well it's good to know that we are close.

(Teddy) This is my E-mail. (done)

(Mega) Who is your Favorite EarthBound Character?.

(Teddy) Probably.....Thomas. (done)

(Mega) G'old Thomas.

(James) Hi! Glad y'all could make it! I'm making a WorldBound video right now, so I'll show you when I'm done. (over and out)

(Mega) Hello? (done)

(Arctic) Anyone here???

(Mega) Yeah I'm here

(Arctic) Am I late for the meeting?

(Mega) We're having a meeting?

(Arctic) Um... I guess. It says it in the title.

(Mega) How many people are here?

(Arctic) Only us as far as I know.

(Mega) Oh. Ever played Mother 3?

(Arctic) Unfortunately, no. I haven't played any games in the Mother series at all actually. However, I do wish to play the trilogy here in it's entirety without some random emulator.

(Mega) You can get Mother 1 on Wii U for 7 bucks

(Arctic) Yeah, I know, but the trilogy just isn't complete without Mother 3.

(Mega) All I'm saying is to start with the ones you have and then end on the one that hits use last.

(Arctic) My parents don't help either.

(Mega) What do they do?

(Arctic) Not that their mean, just they're not often willing to fork over money for video games.

(Mega) If there is not choice just use an emulator. However I could help if I went out to get a gift card.

(Arctic) It's fine. I do know an emulation service called vizzed.com that I used to use.

(Mega) I use that too

(Arctic) I'd use it more often, but my parents don't remember that I used the special plugin before just fine so they won't let me download it. Not to mention, we used to have an old family computer, but while we were watching the Super Bowl 2014 Live Stream, it went blue screen and wouldn't turn on again.

(Mega) oh. I would recommend you try the visual boy advance emulator. If there is a Mother 1+2 translation then try using that.

(Arctic) Thanks. Also, I've noticed a very disturbing trend with Nintendo's Miiverse policies. Some of them may actually be illegal.

(Mega) To be honest, Miiverse Is always evil

(Arctic) Good point. However, this a very serious issue. I've done some research and figured out that the 30 Post Limit and the 1 Minute Rule are direct violations of the 1st amendment! Nintendo also omits certain policies from their CoC. For example, you can't say anything related to criminal activity or hacking, but although the rules are fine, this is not in the CoC. The act of omitting rules from your websites CoC is also illegal.

(Mega) So shouldn't we make a Lawsuit for this?

(Arctic) I don't want it to come to that. I recently emailed them about the constitutional rights issue and they said, and I quote (ugh, copy and paste won't work, one moment), "Thank you for writing in to us regarding your thoughts on posting or commenting to Miiverse. I'm sorry for the delay in our response.

We can certainly understand your frustration with some of the policies of Miiverse, and I want you to know how much we here at Nintendo appreciate you sharing your thoughts with us. As your feedback is important to us, I want to assure you that your comments will be added to our records for Miiverse. These records are shared with other departments here at Nintendo, which allows them to thoughtfully review feedback and take it into consideration." Yeah. They're not taking this seriously...

(Mega) Like I said take 'em to court

(Arctic) Do you know how much money a lawsuit against Nintendo would cost??? Let's see, 1, 2, 3, \$10,000 MINIMUM! And besides, I don't want it to come to that.

(Mega) I never thought of it like that.

(Arctic) I just did a quick Google search to find that information. Look up "How much does a lawsuit cost?" then click the top result and BAM! You're there. Also, just a quick note about customer services, if you email them and they say they'll keep it in their records for consideration, that usually means they're keeping it buried in their inbox, never to be seen again.

(Mega) Currently Playing Mother 3 and I'm at the Mecha Drago Boss. Is someone else here?

(Arctic) I see 2 people checking on it every now and then, but never posting.

(Mega) I think Teddy is here

(Arctic) Oh yeah, I know him from Miiverse. My organisation, the Gamer Revolution, is allied with his (the Miiverse Minute Men)!

(Mega) Oh nice  This is the people who look like they are here.

(Arctic) Ugh. Stupid lag! Also, I'm thinking of hosting a Splatoon Tournament at some point. Probably within the next few weeks. The only problem is that last time I hosted a Splatoon event, I only got 5 people on MAX (counting myself).

(Mega) [Look what I found :D](#) this will be useful

(Arctic) I wonder if anyone has completely translated Mother 2 using these tools.

(Mega) I think so

(Arctic) Just wondering, what do you think would be the best way to get people to join the Splatoon Tournament I'm going to set up?

(Mega) I dunno.

(Arctic) It's not like I'm some huge Youtuber either, so it won't be easy to get a sponsor to supply the prizes for the tournament either. Maybe I could convince the company who made Octodad to be the main sponsor for the tournament, I don't know.

(James) Darn! I'm never on when you guys are! :((Done)

(Mega) Hey James.

(James) Still here? (done)

(Arctic) Anyone here???

(Tyler) Can't we do this in Google Hangouts? That way we can have a proper chat and we'll get notifications when someone says something. Sorry guys, I've been sick with the cold and I've been sleeping most of the time. I didn't wake up until 7 PM until yesterday then I was only awake a couple hours before I fell asleep again. That cold medicine must be powerful stuff. (Done)

(James) Colds suck. Also, I've never heard of Google Hangouts B4.(done)

(Arctic) What's the plan for Operation: Worldbound' next big move? (done)

(Tyler) it's basically Google's version of Facebook messenger. It's a separate app on mobile but it's part of Google Plus.

As for WorldBound's next plan of attack I think that we'll get a buttload of support from other Miiverse users if we decide to do what we did on the MOTHER2 community back in the day but only this time with the MOTHER3 community. Remember how big that was? It was even covered on sites like Kotaku! That's how I learned about it! It caught my attention and I immediately joined! (Done)

(James) Ted doesn't think we should do that. (thanks for fixing my typo) Like spamming and stuff. (done)

(Tyler) True, Nintendo's Miiverse update ruined our ability to effectively do that. It's unconstitutional, limiting our freedom of speech like that and taking away our right to assemble. But I guess U.S. laws don't cover international services. (Done)

(Mega) Oh Hello Wassup. (done)

(James) Nothing much. Just discussing some stuff. (done)

(Mega) Is tyler still here? speaking of. google hangouts I'm not aloud to use my camera. so that's why I think we should use some sort of chat room creator (done)

(James) How's that comic going? Oh and [this video](#). (done)

(Mega) It only got 1 panel done. (done)

(James) What did I miss last evening? (d

(Mega) Nothing Much. I'm gonna work on that comic

(James) Kay-Oh! I got some homework to do. Bye! (over and out)

(Mega) I'm adding stuff to the comic. spazzing up panel 1

(James) Noice! Can't wait to see it! (done)

(Mega) I'll show you panel one in a second

(James) What if we got something like [this](#) for MOTHER 3? (done)

(Mega) That seems rare

(James) Yup. It's Japan-only though. GTG bye. (over and out)

(Teddy) Well, Tyler. I've been wondering if things would turn out that good if we went through with the attack. (done)

(Mega) :| I iz nut tilur. I iz negsa bi (done)

(Teddy) negsa bi? (done)

(Mega) In reality I go by MegaBoy, Negsa bi is my deerrrp naem. (done)

(Teddy) I go by Gryffindor at school. (done)

(Teddy) You there?(done)

(Mega) Oh darn. (done)

(Teddy) You know what? We will go through with the attack. The circumstances are much different than any of our other attacks, including our very first. Now, we must advertise the group until the 17th. We strike at 6:00 A.M. sharp (Pacific Time) on the 17th. I will ask that everyone gets an alt for more posts. Just one should be fine. BE SURE TO WATCH YOUR POSTS. WE NEED EVERYONE ACTIVE AND ON DUTY WHENEVER AVAILABLE. Questions?

(Andrew) Sorry If I missed this. I was in school at the time... (done)

(Teddy) FINALLY! I HAVEN'T HEARD FROM A WORLDBOUNDER IN DAYS! Sorry about that outburst. (done)

(Mega) Were we doing an attack?

(Teddy) Yes. (done)

(James) Sorry I haven't responded. I'm not allowed to do this during the week. (done)

(Teddy) It's alright. I just hope I can go on here on my Xbox. (done)

(Mega) PURE IMAGINATION

(Aidan) Insert pic of Spongebob saying imagination. Is the Mother 3 community up? If so can someone post the link? I tried searching, no luck. (Over)

(James) No. MOTHER 3 comes out on Dec. 17. (done)

(Aidan) Ok. (done)

(Tyler) ... Sorry guys... Been busy trying to get caught up in school. Have I missed anything?

(James) @ Tyler: We're doing an attack on the 17th.

@All: Sorry for my absence. Been REALLY busy lately. (done)

(James again) The MOTHER 1+2 Translation patch only translated SOME of MOTHER 2 like item names. (done)

(Andrew) Have any of you heard of Undertale? It takes a lot of inspiration from the Mother series. It was also made by Toby Fox, who made the Earthbound Halloween Hack. I think games like these will show Nintendo how popular the series is. (done)

(James) I've heard of it. It looks very interesting. (done)

(James) Minecraft on Wii U (done)

(Teddy) It looks like we won't be alone on the 17th. Many fans will join us. (done)

(James) Yep. (done)

(Aidan) Yay. (done)

(Aidan again) The new Star Wars movie comes out, the last Smash direct is tomorrow, and M3 comes out on VC in Japan. This week is FULL of hype. Hype. Hype everywhere. (Done)

(James) The Smash direct. Me: Please be Banjo, please be Banjo

Sakurai: It's Bayonetta!

Me: @#\$% you Sakurai. (done)

(Tyler) Guys... <https://miiverse.nintendo.net/titles/6437256808831651349/6437256808831651357>

Also, my spirit is broken after Banjo not getting in...

Does anyone want to sign this for me?

https://www.change.org/p/nintendo-microsoft-rare-sora-ltd-put-banjo-kazooie-in-super-smash-bros-for-3ds-and-wii-u-as-a-dlc-character?recruiter=339449607&utm_source=share_petition&utm_medium=twitter&utm_campaign=share_twitter_responsive

(Done)

(James) The Attack will continue tomorrow! Sorry for my absence, something came up unfortunately and I couldn't make it. (done)

(Aidan) Keep up the great work in the M3 community guys! (Done)

(Aidan) Merry Christmas everyone! (Done)

(Tyler) is James or anyone else there? Does anyone have a Google account so we can talk via Google HangOuts?
(done)

(Aidan) I have one. Actually, if you're editing this, you technically have a Google account soooooo....

Also, the M3 community is FULL of M3 for America stuff. I'm really feeling it guys!
(Done)

(James) I have a Google Account, Tyler. (done)

(Fatih) Yo, this thing might be dead, so.... email me @ tehyoungdanca@gmail.com . I'd love to join this group thingy. (done)

(James) OK! I'll give it to Tyler. (done)

(Aidan) This *might* be legit:

<http://www.eurogamer.net/articles/2016-02-04-mother-3-will-finally-get-western-release-report> (done)

(Tyler) Is anyone there? (Done)

(Teddy) Hello? I need help. Both my accounts are banned, just 2 week bans, thank god. I need help. (over)

(Mega) I can't make you an account because my old main got a perma ban. (over)

(AIDAN) IN OTHER NEWS... EARTHBOUND IS ON NEW 3DS E-SHOP, AND IT'S A MONTH AND EIGHT DAYS TILL THE 10TH ANNIVERSARY ON MOTHER 3. I HAVE NO IDEA WHY MY TEXT LOOKS LIKE THIS. (OVUH)

(James) Sorry I haven't been very active. Alot of stuff has been going on recently. But I'm back! (over)

(Teddy) WorldBound needs a reboot. It's obviously starting to die out. No crying until the end, guys. We gotta stick to it until that glorious international release. Also Aidan, that's just the font. you can change it. (over)

(James) Alright! Let's go! (over)

(Teddy) All we really need to do is get more of our members active and on duty. We'll just be in the MOTHER 3 community like before. (over)

(Sawyer) Hi let's put this on google hangouts and make a livestream of why Mother 3 should get a worldwide release. (over)

(Aidan) And we can advertise said stream on Miiverse. Also 16 days until the anniversary, for 16 melodies! (Over)

(JAMES) WE NEED TO HAVE AN ORGANISED "ATTACK". NOT LIKE WESTBOUND, THOUGH. (DONE)

(AIDAN) THREE MORE DAYS!

(Mega) Did I miss anything guys?

(JAMES) NOT REALLY. MOTHER 3'S 10TH ANNIVERSARY WAS UNEVENTFUL. (DONE)

(AIDAN) YEAH. SIGH

(James) Come on guys! The E3 community is up! I really need your help! (done)

{AIDAN} We should post in the M3 community and the E3 community. (Done)

(Aidan again) Well if anyone sees this, happy anniversary!
(DONE)

(Teddy) Oh hey, I honestly didn't expect anyone to be here. I can't believe it's been two years already. (Over)

(James) Yep. It's been a fun journey so far. (over)

(Mega) Am I too late?(Over)

{AIDAN} You are never too late (over)

(Teddy) It is time to reboot. Anyone who sees this, get yourself a Kik account if you don't already and notify me here. (Over)

{Mega} Someone invite me {Over}

{James} Finally I have some spare time.(Over)

{Mega}What's Kik and where is the reboot Teddy is talking about.{OVER}

{Aidan} Kik is a social media platform. Also someone is saying that a reliable source claims that Mother 3 is getting an english release

<https://miiverse.nintendo.net/posts/AYMHAAADAAB2V0if1JORQ> (Over)

(James) Hey guys. I know most of you will probably not see this message, but I just want to say sorry for not being active enough. To be honest, I sort of forgot about you guys, and after hearing that Miiverse is shutting down in a couple

months, I started thinking about this again. Even if we haven't succeeded, I will always remember all of the good times we had. With that, I'm off! (Over)

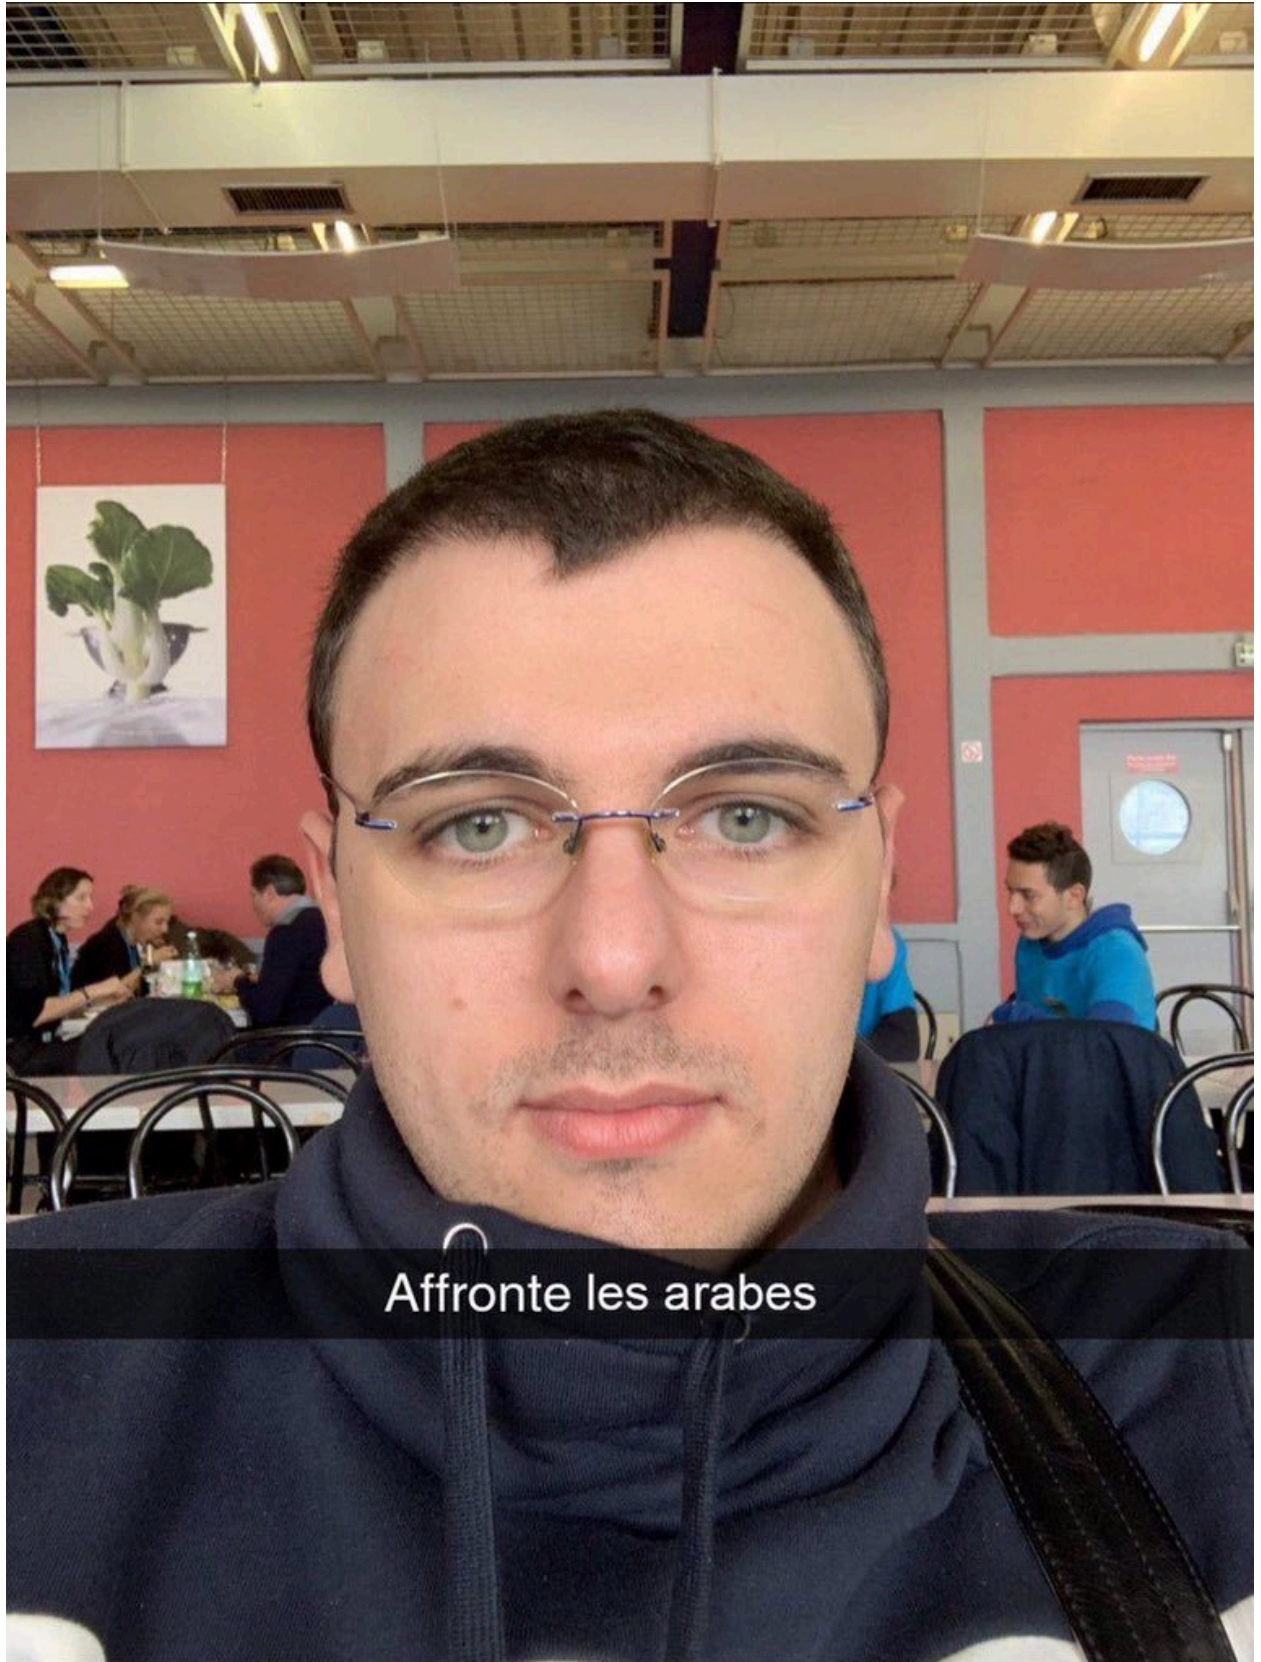

Teddy: So Miiverse is ending. We have just under 2 months of use on the site, and outlook is dim on it returning. This end to the site has also had me thinking about WorldBound. I understand that not all of you are willing to jump aboard here, but I'm gonna properly revamp WorldBound for one final hurrah. All of you are welcome back in and I will attempt to contact you on Miiverse. I have setup a discord chat for ourselves as a more reliable method of communication.

<https://discord.gg/V2kFTkx>

That's the link toward the chat. Bear in mind that you will need a discord account to use it. Good day to you all, and I hope to work with at least some of you soon. (Over)

[JAMES] LET'S DO THIS! (OVER)

(TEDDY) THANK YOU, FRENCH SPEAKER. VERY COOL. (OVER)
