Think about a robot. What is it supposed to do? What does it look like?

Draw your robot on paper. When you're done, answer the three questions below on separate pieces of paper, then put them in the correct envelopes.

<table>
<thead>
<tr>
<th>robotName</th>
<th>numUnitsTall</th>
<th>purpose</th>
</tr>
</thead>
</table>

Example

1. My robot’s name is _________ Elijah __________  \( \text{robotName} = \text{Elijah} \)
2. My robot’s height is ________ 27 feet __________ \( \text{numUnitsTall} = 27 \text{ feet} \)
3. My robot’s primary purpose is ___being awesome___ \( \text{purpose} = \text{being awesome} \)
