

DEVIATION LIST

GENERAL

The Tenderer shall list below all deviations from the Specification requirements. Failure to comply with this condition and deliberate attempts to conceal deviations from requirements will invalidate the Tender.

Tenders complying with basic requirements but with minor details not identical with those specified will not necessarily be rejected. Explanations on these deviations shall, however, be furnished with the Tender. If no details are given, the Tender shall be assumed to comply with Specification requirements in all respect.

Technical Deviations (In “Technical Package” submission)

S/N o	Tender Document /Pg. – Para no.	Details of Deviation	*Addition to/Omission from Tender Price

--	--	--	--

***Note:**

Tenderers are required to indicate in this column the price variation required to achieve the total compliance to the Specification. If there is no deviation, please declare “NIL AND FULLY COMPLY” on Deviation List(s). If the equipment offered is genuinely unable to comply, please enter “UC” against the relevant deviations listed in the table.
