Course Description *(between 500 - 2000 characters, including spaces):*
[a previously used course description will populate the table, please edit if needed]

This course satisfies requirements for the following Academic Certificates:

Network Collaborative Courses are expected to strengthen a set of learning objectives, Global Learning, Intercultural Competence, and Teamwork, among participating students. These learning objectives are acquired as a result of students' participation in the global classroom and the courses will be evaluated, along other criteria, based on how effectively they foster these objectives. It is expected that NCCs promote:

1. **Global Learning** (understanding of global systems and how diverse perspectives impact the framing of global and local issues; the recognition of one's role in contributing to solutions in both local and global contexts);
2. **Intercultural Competence** (cultural self-awareness; curiosity and open-minded consideration of others' ideas, and increased ability to embrace cultural diversity), and
3. **Teamwork** (the ability to synthesize and build on others' contributions; the development of skills and mindset required for effective collaboration)

How will the course pedagogy, curriculum and curricular/co-curricular activities increase global learning? *(1,000 characters maximum, including spaces)*

How will the course pedagogy, curriculum and curricular/co-curricular activities strengthen intercultural competency? *(1,000 characters maximum, including spaces)*

How will the course pedagogy, curriculum and curricular/co-curricular activities promote collaboration and teamwork? *(1,000 characters maximum, including spaces)*

What course materials will you use in your cross-network collaborative sessions and group projects? *(1,000 characters maximum, including spaces)*

What assignments and activities will you use in your cross-network collaborative sessions and group projects? *(1,000 characters maximum, including spaces)*

Add Co-Faculty

Before adding co-faculty please confirm that faculty have consulted with their dean or department chair and, wherever possible, will teach the network course as part of their regular teaching load.

(Please Note: Only faculty who have already registered in the Portal will appear in the search list. If you need to add someone who is not in the list, save the application, ask them to register and then come back to your "In Progress" application to add them.)

IMPORTANT NEW STEP: All co-faculty must also submit an application for this course. Once they register for the Portal they can use the "co-faculty" application link. They will need to know: if this is a renewal or new application, the course name, and the semester proposed.

Name *(start entering their name and then select)*

Institution *(this should fill in based on the name)*

Cross-network Syllabus

Please upload a draft of the cross-network syllabus if ready (Please upload Word or PDF documents. Do not attach Google Docs):

Screening

Administrative Review (“Screening”) of International Participants

We screen all non-US program participants to ensure compliance with U.S. economic sanctions laws and fulfill a key requirement of grant awards from the Open Society Foundations. We check if names appear on a U.S. Government list of restricted individuals and keeps a record to confirm that it has screened program participants. We does **NOT** share any information with the U.S. Government on screened individuals.
