

Parent University

Pikes Peak Early College believes that our families are one of our strongest assets, and we want to empower you to support your student on their journey here at school. We will host several orientations/trainings for all parents who have a student(s) taking high school classes.

First, we will send videos to provide a general introduction to how PPEC works and what school will look like for your student(s). After some time in school, we will host question and answer sessions to address issues students and families have experienced while schooling. We want to walk with you each step of the way and provide help and resources to make education a positive experience.

Monday, August 24th-PPEC training videos sent to all families

Thursday, August 27th @ 5:30 pm -6:30 pm Q & A Session via Zoom

Thursday, September 24th @ 5:30 am - 6:30 pm Q & A Session via Zoom

~ We are dedicated to our PPEC students and always here to help ~
