

Book Review for Novel, Play, or Epic Poem

Minimum 300 words for each book review. I would recommend not exceeding 700 words for each book review.

Here's what each book review needs to answer (please number your responses):

1. Title

2. Author

3. Nationality of Author

4. Genre Type

For example: Gothic novel, Renaissance comedy, Modern Play (adjective and type of book)

5. Date of first publication

Not when your specific copy was printed but when the book first came out

6. Favorite Quotes:

Minimum of three quotes with explanations of why you chose this quote and what makes it so important or memorable. Make sure to include page numbers so you can refer back to them later.

7. Character map

Like a family tree of names or you could draw them--I also want you to include short quotes or adjectives describing them directly from the narration or from your own evaluation of them.

8. Questions

A minimum of three in-depth discussion questions you have about the book, characters, or the themes.

9. Basic plot outline

As detailed as possible. You can write in paragraph, bulleted list, or "flow chart" format.
