

LLS @ UCI - Mission Statement

“The Leukemia and Lymphoma Society is a national organization dedicated to curing leukemia, lymphoma, Hodgkin’s disease and myeloma, and improving the quality of life of patients and their families. LLS at UCI’s mission is to provide a forum for discussion, education, awareness, funding, and support of our shared interest in making an impact in the fight against blood cancer. As well as to provide a place to participate in various interactions such as; service, advocacy efforts, education, fundraising and facilitating events tailored to our organizational interests.”
