

NC General Assembly Candidate Questionnaire

Please complete the following questionnaire no later than Wednesday, August 26th. We ask that you limit your responses to each question to no more than 200 words. Should you have questions, please contact Ron Katz at ronkatz327@gmail.com or 828-768-4559. Thank you for your consideration!

Name:

- 1) Should you be elected to represent your district in the NC General Assembly, what would be your top three priorities for the upcoming term?

- 2) Currently, it is estimated that at least 500,000 North Carolinians fall in what is called “the coverage gap”. Their incomes are too high to qualify for Medicaid, but they do not make enough to be able to purchase affordable, subsidized health coverage through the health insurance marketplace. What is your position on North Carolina’s responsibility to assist those people get health insurance and healthcare? Please explain why you hold that position.

- 3) Every ten years, after the US Census is completed, congressional and state legislative districts are redrawn. In North Carolina, the current law has the NC General Assembly draw districts. Some states have moved to a variety of options for nonpartisan, independent redistricting to draw the districts. What is your position on who should draw districts? Please explain why you hold that position.
