

2024-03-06 Frontend Development Interest Group

Meeting Agenda & Notes

- Zoom link
<https://harvard.zoom.us/j/96481949177?pwd=bWZiVINvamZJWEFyQTI2RFBXd2g3UT09>

1. Welcome to the Dataverse Community Meeting!
2. Introductions, Slides with live polls to get feedback from the group
3. Reminder, our group website is live! <https://ui.gdcc.io>
4. Name change: Our new group name is Front End Development Interest Group. Since we are still developing the SPA and javascript client library, this group is not tasked with a 'work product', Our purpose is to share information about the Dataverse API, javascript library, and front end development with the community as it evolves.
5. **SPA Beta Q1 is live!** - Demo of beta.dataverse.org/spa
 - a. Home Page
 - b. Dataset Page

- c. File Page
 - d. Create Dataset Page
- 6. Proposal for SPA Beta Q2 has been finalized:
 -  Proposal: SPA Beta Features for Q2 2024
- 7. Javascript client library version 2.0 will be released soon
 - a. New documentation available at
<https://github.com/IQSS/dataverse-client-javascript/blob/develop/README.md>
- 8. First example app for React is here:
<https://github.com/IQSS/js-dataverse-front-end-examples>
- 9. There will be a workshop at the DCM tomorrow 2:50 pm which is a deeper dive into the Dataverse Research Architecture and SPA.. For those unable to attend, a recording will be available
- 10. Suggestions for future meeting topics are welcome!
- 11. Contact us at
 - a. Dataverse Community Slack
 - b. [Dataverse.zulipchat.com](https://dataverse.zulipchat.com)
