<p>Brief on the company describing the activities of the company etc.,</p> <p><u>(Max 300 Characters)</u></p> <p>Please use this link to count letters</p> <p>http://www.charactercountonline.com/</p>	<p>Established in 1996, Happy Sweet for Food Industries makes high-quality food products.</p> <p>In a short period of time, Happy Sweet Company became one of the biggest manufacturers in the Egyptian market. Our quality products gradually paved the way for expanding to Africa and the Middle East, gaining a big market share in these regions.</p> <p>Keeping in mind Egypt's Vision 2030, our strategic goals are to make high-quality products and increase our exports by exploring new markets in Africa and the Middle East. We make sure our products have a competitive advantage over competing products with their superior quality, affordability and safety for all target segments, both locally and internationally.</p>

	<p>We are currently working on expanding our distribution network by building new partnerships with agents and retailers through very attractive schemes. The company provides distinguished and reliable services by adopting international standards for quality and food safety systems such as ISO 9001:2015, ISO 22000:2018 and ISO 45001:2018.</p> <p>Al-Kammar Group is accredited by the U.S. Food and Drug Administration (FDA), a member of the Export Council, on the whitelist of the Egyptian National Food Safety Authority, and holds the quality mark "Proudly Made in Egypt."</p>
