Experience

Actor, Kentucky Renaissance Festival, December 2024-Present

Acted as a character in The Christmas Carol at the Ren Fair this winter, as well as engaged fair-goers with my character by improvising and by bouncing off of my fellow actors and our audience.

Currently playing an original character for the summer festival with specific responsibilities, like keeping score at the game "Rat Pucking" and writing down names during our "knighting ceremony," but most of my role is engaging with clients and being available to help any member of our crew when needed.

This is a weekend engagement that will not conflict with Mondays to Fridays.
