

Welcome to Kid Chess. Use this guide to set up your student's account and activate premium access using the voucher code in your welcome email.

Part 1: Setting Up Your Account

You can play on your computer at app.kidchess.com or download the app from the **Google Play Store** or **Apple App Store**. Vouchers must be first redeemed on the web not on the app. Once redeemed access is available on all platforms.

 - **Important:** Each child needs a **unique email address** to register their own account and track individual progress.
 - Click "**Send verification code**".
4. **Verify from Microsoft:** Check the inbox of that email address for a code sent from **Microsoft**. Enter that code into the verification field in the app to proceed.
