

# Consequences

This is the list of sanctions that may be taken against a player if they violate community rules:

## Verbal Warnings

**Verbal Warnings** are given for lesser offenses.

(A) ONE (1) Verbal Warning: will have no follow-up consequences.

(B) TWO (2) Verbal Warnings: will have no follow-up consequences.

## Temporary Bans

**Written Warnings** are given for more serious rule breaks and frequent offenders.

(A) ONE (1) Written Warning: will result in a 12-hour ban.

(B) TWO (2) Written Warnings: will result in a 24-hour ban.

(C) THREE (3) Written Warnings: will result in a 48-hour ban.

*(Reminder: Players can check their written warnings by using /check\_warns in the Discord.)*

## Perma Bans

**Perma Bans** are for severe violations of community rules or continued violation of lesser rules. Immediate bans may be imposed in a situation of racism, sexism, etc., where immediate action is required to safeguard the players.

(A) FOUR (4) Written Warnings: will result in a permanent ban from the TCI community.

If you feel you have been unjustly banned please fill out [this ban-appeal form](#). Please note, all bans with proper causation are **FINAL** and have no chance for appeal.

*All incidents are handled on a case-by-case basis and the imposed sanctions will depend on the circumstances of those situations, as interpreted by the staff member handling the rule break.*

## **Expungement**

A player may appeal to have a former rule break expunged after having *no additional* rule breaks for a one-month period.

- ❖ The player must make their case in a ticket for why the warning should be removed. After which, 3 head staff are required to approve the expunge request before it is reflected as expunged on the member's account.

Relevant Behavior Clause: If a player expeditiously returns to rule breaking behavior after an expungement occurs, staff may consider the previously expunged RB when deciding how to handle the new rule break.
