

Dear Parents and Seniors,

It's your student's senior year and a tradition in the yearbook is to display all of our KHS seniors in a Senior Tribute. A Senior Tribute is a specific spot completely dedicated to your child with pictures that can vary from any age in their life. You may also write a personal message to your son or daughter for them to look back on when they flip back through their yearbook.

Senior Tributes come in $\frac{1}{4}$, $\frac{1}{2}$ or full pages. You also have the option to choose a full color page or black and white. If you choose to purchase a full color, full page tribute, your student will receive a yearbook for free! We recommend that you put your child's picture on a flash drive or a CD so you can keep your original photos. We also will continue to accept hard copies. Contact the Kickapoo Legend Yearbook Staff for more details on how your student can receive a yearbook for free or if you have any questions!
